AND MINDEN RECORDER

Vol. 96 No. 22

"The voice of the Highlands"

Wednesday, January 18, 1978

14 Pages 20 cents

Henny VanLieshout looks over photos of what are now memories of Australia.

Back from Australia

When Henny VanLieshout talks about her year in Australia as a Rotary exchange student, she smiles a lot. And when Henny smiles, she radiates a bit of the warm Australian sun.

She has just returned to Haliburton from her year 'down under' where she was hosted by members of the Lilydale Rotary Club near Melbourne.

Henny is the daughter of Mr. and Mrs. Larry VanLieshout of Norley Road near West Guilford.

Henny says she feels the exchange program gives students a "better understanding of different countries and a chance to see another way of life."

And when she tells you that you can detect just a bit of an Australian accent in her voice.

To enroll in the Rotary exchange program, students answered an announcement made at the Haliburton Highlands Secondary School and were interviewed by Rotarians. As Henny put it, "You don't have to be on the brains to get picked but being in the top third of the class and involved in some extracurricular activities do help."

Travelling costs are paid by the students or their parents with the hosting club looking after room and board, a small allowance and incidental costs during the stay.

"One of the most rewarding aspects of the trip was the realization that I didn't get homesick", says Henny.

She was surprised, she

Cont'd. page 2

Whipper Watson blasts government over handicapped

Whipper Watson blasted the provincial government at a press conference held last Thursday evening at the PineStone Inn. Watson was on hand to kick off the local snowarama for Timmy campaign.

Watson called the handling of the handicapped problem a stigma on the present Ontario Government.

Council names Committees

At last Wednesday's council meeting of the Townships of Anson, Hinton and Minden the following appointments were made.

Appointed to the Library Board were Shirley McGee, Irene Moore, Harold Morgan, Joan Archer, Mae Wolfman, Robert Gorrie and Len Lonsberry.

Appointments to the Recreation Committee were Tom Prentice, Lloyd Harrison, Norman Harrison, Gala Stamp, Alan Coneybeare, Lyle McKnight and Elinor Burke.

The cemetery board consists of Joe Cox, Alan Rogers, Gord Monk, Doug McGee, Doug Pritchard, Alan Coneybeare and Jeanette Payne.

Len Lonsberry has been appointed the Red Cross representative for 1978.

The council's Chamber of Commerce representative is Doug Pritchard.

Fire Wardens are: Earl Kent - general area, Albert Cox - general area, Richard Schell - general area, Dusty Sutherland - Hwy. 121 and Ingoldby, Wm. Jackson as Fire Chief, Allen Austin - Brady Lake, Harold Burton - Carnarvon, Harvey Barnhardt - Pine Springs and Bruce Nesbitt - Blairhampton.

The Standing Committee Chairman are as follows: Property and Streets - L. Lonsberry, Roads, Parks and Sidewalks - D. Pritchard; Water and Sewers - Reg Booth; Fire Department - L. McKnight; Ambulance and By-Laws - A. Coneybeare.

Gerry Durant was appointed to the Committee of Adjustment for a three year term.

Dick Schell was appointed the Wolf Bounty Officer.

The government recently introduced a program of assistance to the parents of physically handicapped children whereby the family would receive up to \$150 monthly if the child was kept at home, rather than be sent to an institution, Watson said. A recent survey revealed that the cost to keep a child in an institution is \$3,000 monthly.

He went on to a documented case in the Belleville area in which a family had been recently turned down in their application for assistance of \$70 a month.

"I have proof that this particular case is political and I have requested a meeting with the Minister of Community and Social Services but to this date has received no reply," said Watson.

When asked if this was a wide spread analysis he went

on to state that in the Belleville area, that in 74 applications for assistance, only 4 had been accepted.

Watson went on to explain that when applications had been received by the ministry inspectors were sent out to investigate the case and they deliberately harassed the applicants and told them that this assistance was a welfare program.

The government contributes \$75,000 yearly to the Society for Crippled Children, Watson said, as well as partially funding the rehabilitation centers. The society has 40 registered nurses based in 23 district offices throughout Ontario to offer consultative service in the care and management of handicapped children. There are about 8,000,000 handicapped children in this province alone.

Coby police help solve \$47,000 theft

Coboconk OPP Constable Dennis Welsh is reported to have been instrumental in breaking a \$47,000 burglary case as a result of being assigned to investigate what seemed at first to be a routine occurrence.

The burglary occurred in Metro Toronto where a safe was cracked and \$47,000 in cash stolen.

The sequence of events which followed Constable Welsh's investigation of a disturbance at Coboconk's Patisserie Hotel led to the arrest by Metro police Wednesday night of Clyde Sheppard and Shirley Blaker at a farmhouse just west of Kirkfield on Highway 48. Ms. Blakers was later released.

According to Coboconk OPP detachment's report of the incident, a large sum of money was also recovered at the time the arrest was made.

It is also revealed that Constable Welsh became suspicious of things observed during the process of his investigation of the hotel disturbance. He is reported to have found Sheppard in possession of some new and expensive equipment - chain saws and rifles - and further

inquiries disclosed that \$1,000 bills had allegedly been used in making their purchases.

Metro Toronto Police reveal that the burglary occurred on January 4 between 12 noon and 3 p.m., at the home of Mr. E. Andrade, 253 Lansdowne Ave., Toronto. A small safe in the basement of the home was broken into with a hatchet. Police report that \$47,000 in cash was taken, plus an estimated \$1,300 in jewellery. Terry Batson, 18, of Dowling Ave., Toronto and a Douglas Blaker, son of Shirley Blaker, have been charged by Metro police with the burglary. The house was entered by breaking a window in the front door. Clyde Sheppard has been charged by Metro Police with possession of stolen goods.

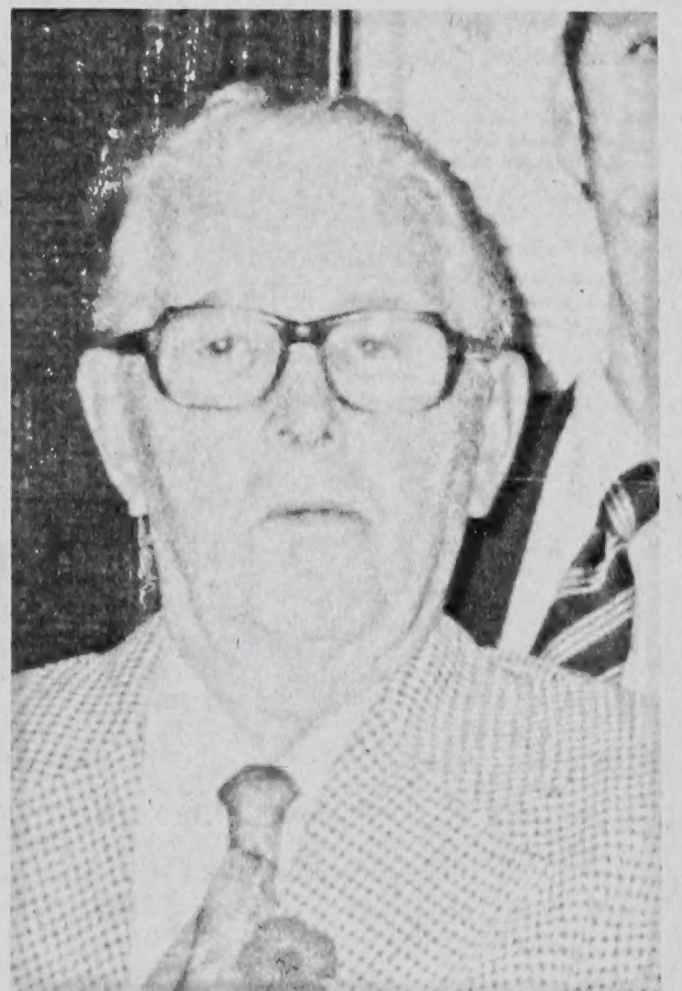

Canada works programs change

Bill Scott, M.P. - Victoria-Haliburton has recently learned of intended changes in the up coming Canada Works Program. In the past Canada Works community projects operated in two overlapping phases allowing applications in early spring and late fall. The department has now determined however, to operate the up coming project in a single year-round phase for 1978 - 1979.

Consequently, applications for this new phase will be available to the public after April 3rd with an application deadline of June 24th, 1978. Following consideration by a Ministerial Advisory Board, approved projects will commence in September and may run for a maximum of one year.

Young Canada Works which is a similar program oriented towards students, will run this summer as a separate program. Applications are presently available and the deadline for these is February 17th, 1978. Approved projects will commence after May 1st and may continue through to September 8th of this year.

Any individuals interested in further information regarding either of these programs should contact their local Canada Manpower Centre.

Dr. Harry Bishop dies in Toronto

by Creighton Feir

Dr. Harry P. Bishop, a long time resident and former dentist here in Haliburton, is dead at the age of 73. Dr. Bishop who has had health problems for the past several years passed away at the North York General Hospital in Toronto on Monday, January 16th.

The late Dr. Bishop was born in Niagara Falls, Ontario in 1904 and shortly after his family moved to Trail, B.C. during the first world war and later returned to take up residence once again in Niagara Falls.

He graduated from the University of Toronto in 1928, in Dentistry and practiced in Niagara Falls until 1939. He enlisted in the army in the second world war in 1939, but prior to this a tooth fell into his eye and he had to have the eye removed. A year later he took his medical and re-enlisted in the Canadian Army.

It was while serving with the Canadian Army that he attained the rank of Major and during the war his family moved to Haliburton. When the war ended he came here as a dentist and practiced in Haliburton until 1954 when he accepted a position with the Department of Reforms as a dentist until 1970 when he retired in Haliburton.

Harry Bishop was an ardent curler, but his first love was the game of hockey. He was not only a great fan but a great player and we can remember people talking about the first time he played hockey in Haliburton with a team from Niagara-On-The-Lake. He also played hockey for Niagara Falls, Ontario and was one of the stars of the great University of Toronto team. He not only played the game, but was a great competitor who never gave up until the final whistle ended the game. He was never a quitter and a man who never gave up and he carried this right through a series of four cancer operations in 1966, and on December 5th, 1977 he came through a difficult heart operation in the North York General Hospital.

The late Harry Bishop was a very dedicated member of the Royal Canadian Legion Branch 129, Haliburton and was the president of the local branch, when they built the first Legion Hall in its present location. During his years in the Legion he served on most of the committees and could always be called on when help was needed. On November 11th last year the Past Presidents of the Haliburton Legion were honored at the Remembrance Day dinner at the Legion. Among these past presidents on this occasion was the late Dr. Harry Bishop.

The late Dr. Bishop had a very illustrious career and became very involved in community affairs. He then coached many of the great Haliburton Huskies hockey clubs when they were flying high, served as councillor and deputy reeve for many years in the Municipality of Dysart et al and was an outstanding Rotarian with the Haliburton Club.

The village of Haliburton won't seem the same without Harry Bishop, a man who was always in the game, and who fought to stay alive right up until the game ended on Monday. Although he is gone we will still have our memories of Harry as a dentist, curler, hockey player and coach, Rotarian, Legionnaire and member of the local council.

Dr. Harry Bishop is survived by his wife Viola Elizabeth Bishop (Curry) a brother Robert Bishop Sr., of Haliburton, a sister Annabelle Dobbie of Niagara Falls and dear father of Curry and Pat (Mrs. Tye Irwin) both of Haliburton. Wendy Boyle of Toronto. He also leaves nine grandchildren and one great grandchild.

The funeral service will be held at the funeral chapel of John Welch & Son Ltd., Minden today, Wednesday, January 18th. Interment at Evergreen Cemetery, Haliburton.

Conaghan is Warden!

Pat Conaghan, Reeve of Lutterworth Township, was appointed Haliburton County Warden for 1978 at the inaugural meeting of County Council in the chambers at Minden, Tuesday, January 17.

County Council starts into a new schedule of business under the new Warden today, Wednesday, with many items of interest to residents of Haliburton County on the agenda.

Whipper Watson kicks off Snowarama

by Bill Davis

Whipper Watson was in town last Thursday evening to officially kick off the 1978 Snowarama Campaign in

what he termed, as the million dollar ride for "Timmy" in reference to this year's Timmy, 12 year old

Stephen Fitzpatrick. Snowarama is sponsored jointly by the Haliburton and Minden Rotary Clubs. The

Whipper went on to detail the numerous projects that Easter seals and snowarama fund. The two clubs have raised a total of \$50,000, for the Society for Crippled Children in the last three years. This year's ride for Timmy will be on February 5th.

The speaker went on to outline how he got so deeply involved with the handicapped. He was severely injured three years ago that left him with only partial use of either hand. He soon realized that his career as a wrestler was over, but he could devote full time to the betterment of the handicapped child. Whipper Watson has been chairman of the Easter Seal for sixteen years. There are 231 service clubs involved with handicapped children and the Rotary Club plays an important role with their work in snowarama and Easter seals.

Roy Bates, vice president of the Ontario Federation of Snowmobile Clubs, outlined this year's new trail and stated that the reason for a new trail was to give the people that had participated in previous snowaramas a new challenge. He went on to explain that the new trail was free of any lakes due mainly to the problems with slush that prevailed in the previous

years. This year's trail will begin at Minden and proceed to the Peterson Trail around to Haliburton, to the Buckhorn Road and the old tractor road to Donald, then back to Minden.

Snowarama is sponsored by the Ontario Society for Crippled Children in association with the Ontario Federation of Snowmobile Clubs, individual Snowmobilers, the Ontario Snowmobiler Distributors association, and participating Easter Seal service clubs. Proceeds are divided equally between local Easter Seal clubs and the society to support rehabilitation programs at the local and regional levels. During 1977, fourteen areas in Ontario held snowarama rallies with over 2600 riders participating. This year there will be nineteen rallies.

Local officials that were in attendance at PineStone were Lynn Craigmyle, Haliburton chairman; Peter Stribling, chairman of the Minden Club and Lionel Walker as co-ordinator. Gerry Spaziani from the Society for Crippled Children and Jack Palmer of Molson's Breweries. The chairman of this meeting was Al Simmons of C.H.E.X. who is deeply involved in this fund raising event.

Lynn Craigmyle, Whipper Billy Watson, Al Simmons of Peterborough and Lionel Walker met just before the special kick-off campaign dinner at PineStone Inn for the snowarama.

Henny's back from Australia...

said, and happy to find herself more self confident and poised than before. Travelling has matured her and given her a taste for more.

students from Canada and the USA in Los Angeles where they all departed to their destinations abroad a Pan Am jet to Australia and New Zealand on February 7th.

"It was incredible", she said of the excitement as she went through the terminal wondering who would meet her and who her hosts would be.

someone said, "Hi, I'm Harry Davey", and then this man gave me a big kiss.

"Let go" he said and explained that he was to be my counsellor during my stay", Henny said.

She pointed out that counsellors were appointed for each of the exchange students to assist with school registration and with any problems that might arise.

"For the first week I just lazed about in the sun," said Henny, and her deep tan really shows it.

The day she arrived it was 34 degrees celcius and that was in February, but then everything is topsy-turvy in Australia.

Henny was enrolled in year eleven at the local Lilydale High School and she was amazed, she said, in the lack of interest shown by teachers there.

Township gets \$7,500 grant

Community planning study grants totalling \$73,839, have been allocated to 13 Ontario municipalities, the Housing Minister John Rhodes announced today, including a grant of \$7,500 to the Township of Galway & Cavendish.

The grants are designed to assist municipalities and planning boards in preparing official plans and zoning by-laws or in bringing these up to an acceptable level.

The funds can also be used in preparing zoning bylaws to replace minister's zoning orders, to finance planning programs for unorganized territories or for other relevant planning studies.

These grants are allocated as part of the Ministry of Housing objective of helping municipalities and planning boards prepare sound planning programs.

(from page one)

"Teachers in Australia don't seem to care as much as our teachers at Haliubrtion", she said.

There is very little in the way of extracurricular activities in Australian public high schools, she said, and teachers don't get involved in any extra work beyond classroom teaching she pointed out, although she felt that academically schools in Australia may be slightly ahead of Canada.

Up until recently, Henny said, many students used to leave school at the age of fifteen and seemed to have no difficulty in finding work because of the relatively low unemployment rate there.

Food is generally cheaper Henny said, but any goods that are produced labour intensive tend to be more expensive than in Canada because of generally high wages. The average wage runs between \$10,000 and \$11,000 she said.

One of the interesting customs in Australia is known as BYO ... or Bring Your Own, and in fact that's just about what everyone does. Whether it's a game of Footy, (a combination of football, rugby and soccer) where it's perfectly acceptable to bring your own cooler of beer, or a barbecue where you definitely bring your own food when invited and use the host's charcoal, it's a country that runs by bring-your-own.

Because of the difficulty in transportation, Henny feels that families tend to spend more time together. Older children regularly go on trips

with their parents which seems to be the reverse of what happens in Canada, Henny said.

During Henny's visit, she spent sixteen days touring the interior of Central Australia by bus and camping in tents at night. Few people realize how cold the nights can get in Australia, said Henny of her experience.

The trip has given her a glance at emu's, kangaroos, and even penguins, but more than that, it has given a girl from Haliburton the chance to travel half way around the world to see how the other half lives.

JOHN LINDSAY

Announces

NO PRICE INCREASE

ON JANUARY 3, 1978 GENERAL MOTORS ANNOUNCED A PRICE INCREASE ON 1978 CARS AND TRUCKS:

LINDSAY PONTIAC BUICK WILL HOLD THE PRICE ON OVER 70 CARS AND TRUCKS, RECEIVED BEFORE JANUARY 1st, WHILE THEY LAST.

COME IN NOW AND MAKE YOUR CHOICE WHILE THE SELECTION IS GOOD. YOU COULD SAVE FROM \$100.00 TO OVER \$400.00, DEPENDING ON MODEL AND ACCESSORIES.

Collision on 121 results in charges

Mark Parnell, 17, of Haliburton has been charged with making a turn not in safety, following a collision on Highway 121 near Haliburton last Thursday afternoon.

A 1977 station wagon, driven by James Johnston of Haliburton, sustained \$100 in damage when it came into collision with the Parnell vehicle.

According to the OPP, Johnston was following Parnell who was westbound, when the Parnell vehicle pulled into the north shoulder of the road. When Johnston tried to pass, the Parnell vehicle came back onto the highway and into contact with the Johnston car.

NOW YOU CAN SAVE MONEY WITH OLD WINTARIO TICKETS

From January 20, you can use your Wintario tickets for discounts on Canadian books and magazines.

INTRODUCING HALF BACK.

Why is it called HALF BACK?

It's called HALF BACK because if you participate in the program, you get half back. You paid a dollar for each Wintario ticket. You get fifty cents back.

How does HALF BACK work?

It's simple. If your Wintario tickets don't win in the draw, don't throw them away. Just endorse them on the back with your name and address. Now they're worth 50¢ each on the purchase of any book by a Canadian author or on the purchase of a subscription to any participating Canadian magazine.

You can use up to 4 tickets for a total discount of \$2.00 on any qualifying book or subscription. There's no limit to the number of books or subscriptions you can purchase as long as each one costs at least \$3.00.

Here's how you get your HALF BACK rebate on books.

First, endorse your Wintario tickets on the back with your name and address. Then, take them to any participating Ontario bookstore. Participating bookstores are easy to recognize by the distinctive HALF BACK signs they display. Book rebates are also available through participating book clubs. Check your monthly mailings for details. For every 4 Wintario tickets you bring in, you will get \$2.00 off on a

Canadian-authored book that costs \$3.00 or more. The bookseller has a wide selection of books eligible for HALF BACK rebates and will be glad to help you make a choice and turn your Wintario tickets into savings.

Here's how to get your HALF BACK rebate on magazines.

A descriptive HALF BACK leaflet is available at participating bookstores, many Wintario ticket outlets and at your regional office of the Ontario Ministry of Culture and Recreation. It has an order form attached. In the leaflet, you'll find a list and description of the Canadian magazines that are eligible for the rebate. Simply make your choice, fill out the form and send it off with your endorsed

Wintario tickets and a cheque for the balance.

When does HALF BACK start? When does it end? And what tickets are eligible?

HALF BACK is a three-month program sponsored by the Ontario Ministry of Culture and Recreation. It starts on January 20 and ends on April 12, 1978.

Tickets for 6 Wintario draws will be eligible: JANUARY 19 MARCH 2, FEBRUARY 2 MARCH 16, FEBRUARY 16 MARCH 30. Tickets for the January 19 draw go on sale January 6. The last day tickets can be turned in for rebate under the program is April 12, 1978.

HALF BACK
THE ONTARIO REBATE PROGRAM THAT TURNS OLD WINTARIO TICKETS INTO DISCOUNTS

HALF BACK RUNS UNTIL APRIL 12, 1978. ALL WINTARIO TICKETS FROM DRAWS ON JAN. 19, FEB. 2 AND 16, MAR. 2, 16 AND 30 ARE ELIGIBLE!

Ministry of Culture and Recreation

Minister

Kashag Tourney is set for Friday

The fourth annual Lake Kashagawigamog Atom Tourney is set for this Friday and there will be plenty of action at the Dysart Arena for all three days. The event that gets underway Friday at 3:30 p.m. The championship games are scheduled for Sunday.

Friday's games are scheduled as follows:

3:30 Grand Ravine (Toronto) vs. Georgetown
4:30 Goulding Park (Toronto) vs. Haliburton
5:30 Oakville vs. Amherst New York
6:30 Hillcrest (Toronto) vs. Peterborough

SATURDAY

9 a.m. Newmarket vs. Huntsville
10 a.m. Oshawa vs. Peterborough (Harveys)
11 a.m. Gloucester (Ottawa) vs. Bancroft
12 a.m. Orillia will play a team to be announced

Those games above are the first round draws in each division and after these first games any team that loses is finished as far as the tournament is concerned.

Injured on snowmobile

A single snowmobile accident sent one Winona, Ontario man to Huntsville hospital with a fractured left arm, shoulder, shoulder blade and three ribs after he came into collision with a tree while south bound on the Trout-spawn Road.

Injured was William Koudys, 35, whose vehicle was south bound and rounding an icy curve, crossed the road and collided with a tree.

The incident occurred January 14 at about 7:40 p.m. and was investigated by Corporal Alexander and Constable Pearson.

A rear end collision involving two snowmobiles resulted

ed in \$250 damage and charges against one of the drivers for failing to display a registration permit.

The incident occurred January 14 at 11:30 p.m. near the Livingstone Lake Road when two Unionville men were eastbound and rounding a curve. Paul West, operating a 1972 snowmobile, rounded the curve when his engine stopped. Following him was Kenneth J. Lasitz who was unable to stop his vehicle in time and collided with the West snowmobile.

Lasitz was charged with failing to display a registration permit.

Perjury charges arise in Minden arson trial

Lyle Wilfred Bacon, 23, of RR 1, Haliburton has been charged with perjury and obstruction of justice following a trial in Minden court, January 14th.

The charge arose during the Parish-Vickery trial in Lindsay for arson. The charges against Parish and Vickery were dismissed, although a third person was convicted in Minden court. Bacon was a crown witness in that trial.

TWO CHARGED WITH ARSON

Two area youths have been charged with arson following

CHARGED WITH MISCHIEF

A seventeen year old Peterborough youth has been

charged with mischief and public mischief following an incident on January 8, in Minden.

Brian G. Schroter is alleged to have caused \$75 in damage to a car belonging to David Evans of Peterborough while it was parked in Minden.

The public mischief charge arose from an attempt to mislead the investigating officer.

Constable Bibby was the investigating officer.

\$1400 DAMAGE

An estimated \$1400 damage resulted in a second accident in two weeks at the junction of Cedar Avenue and Highland Street in the west end of Haliburton.

Kathryn Stouffer of Haliburton was driving a 1971 station wagon northbound on Cedar Avenue and was unable to stop because of icy road conditions and came into collision with a 1976 station wagon eastbound on Highland Street driven by Donna McNeilly of RR 1, Minden.

Ice Capades open in Peterborough rink

The world famous Ice Capades opens Friday, February 3 for five performances through Sunday, February 5 at the Peterborough Memorial Centre.

Featured headliners of the ice extravaganza this year will be Ontario's own Lynn Nightingale, and Ron Shaver, Canada's 1977 figure skating champions.

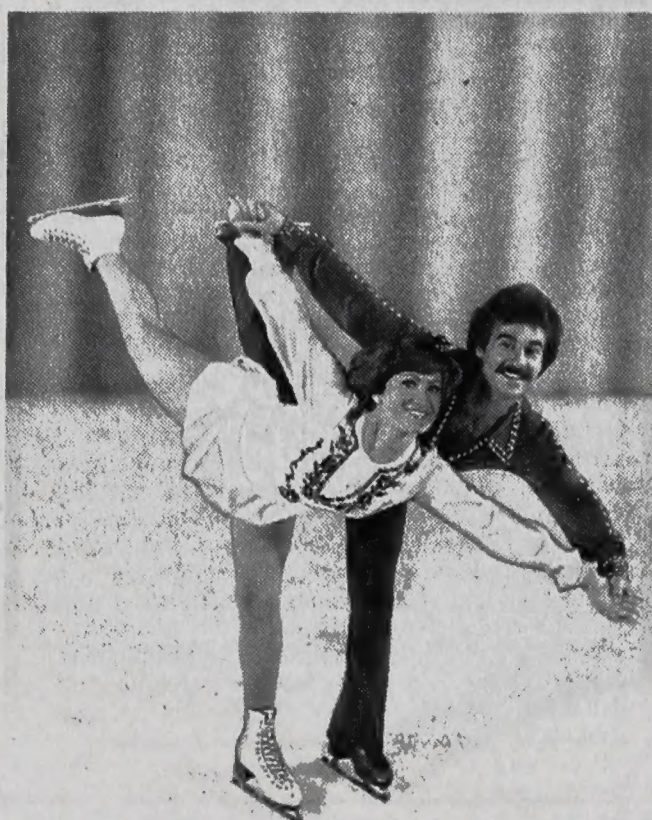

Lynn and Ron have turned professional this year to join Ice Capades and follow in the blades (we don't dare say footsteps) of many great Canadian champions who have skated during the last three decades with this fabulous ice show.

Lynn and Ron not only perform their championship solo routines, but Ice Capades brings them together to

show their combined talents in a sparkling and exciting display of pair skating, which has already delighted audiences throughout the United States and Canada.

Tickets go on sale Monday, January 9 at the Peterborough Memorial Centre. Prices are \$4.00 - \$5.00 - \$6.00 including taxes. For ticket information call (705) 743-3561. Opening night Friday, February 3 - CHEX TV and Radio Family Night - All tickets \$2.00 off regular prices. Youth and Senior Citizens Special - \$1.00 of regular prices for Saturday, February 4, at 2:00 p.m. and Sunday, February 5, at 6:00 p.m. performances only.

Ice Capades this year brings it all together in a new and exciting edition which has something for everyone.

Lynn Nightingale & Ron Shaver

European tour for Eakins

Victoria-Haliburton MPP John Eakins is one of several members of the Ontario Legislature who last Friday went to visit Denmark, Sweden, Israel and England and examine the role of the Ombudsman in those countries.

Before leaving Mr. Eakins said, "We have reached a time in Ontario when it is time to view the office of the Ombudsman, make sure it is working efficiently, and to examine its role as to other jurisdictions."

"In Ontario, the Ombudsman has been operating for two years only, and this is an opportune time to review Ontario's Ombudsman as compared to Sweden, where the Ombudsman has been in office since 1810. Israel and Jerusalem also have a very interesting jurisdiction under their Ombudsman."

"I feel that by examining the Ombudsman's function in these countries, we can give greater service with less

financial cost to the people of Ontario. The ten members of the select committee of the Ontario Legislature will be making the trip and several meetings have been scheduled in all countries. While in Jerusalem we will be meeting with members of their select committee of the Israel Parliament."

"On my return I will be making a full report to our news media of my views of the operation of the Ombudsman in those countries. While serving primarily on this committee, I will also be making some industrial and tourism contacts in order to better serve the counties of Victoria and Haliburton, and the province of Ontario in these fields."

"I can assure my constituents that the expenditure will be kept to a minimum. It is important that the people of Ontario receive good value for their dollars expended."

"He said he didn't need to advertise because business was so good."

"For the life of me I can't remember his name."

Echo Editorials

OPP operating like a business

The Minden detachment of the Ontario Provincial Police deserve our congratulations for tackling their job in a businesslike manner that should yield results in terms of fewer accidents, crimes and less property damage.

Regular monthly planning meetings were held in which incidents for the same month the year previous are studied. This should, in theory anyway, give insight into where problem areas may be. When these areas are identified, stepped up patrolling or increased enforcement of related regulations are undertaken.

For the following four weeks the detachment has set the following objectives.

(1) More patrol time to be spent in the villages of Haliburton and Minden to reduce the large percentage of collisions occurring in these locations. Particular emphasis will be placed on the enforcement of the violations of failing to yield the right away and frosted over windshields which may give cause to the incidents of failing to yield due to poor visibility.

(2) To maintain or reduce the 1977 collision totals at 28 for the month.

(3) To increase cottage patrols and special patrols using snowmobiles.

It should be remembered by most of us that ticketing for violations is not a case of crime and punishment, but rather an attempt by the OPP officer to reduce the possibility of a more serious accident causing property damage or loss of life.

Although the program of planned crime and accident prevention is not new, it may be time we gave some recognition to it.

Enthusiasm really makes it happen

In Haliburton County there are many people who are very enthusiastic about everything they do. These are the men and women who work with various organizations in the community striving at all times to make their community a better place in which to live. It is through this enthusiasm that things are accomplished.

Sometimes a project is sponsored and many will sit back and say that it can't be done for one reason or the other. The end result usually means that the people with the get up and go won't take no for an answer and get things accomplished by pushing ahead, by not letting anything stand in their way until they have reached their goal.

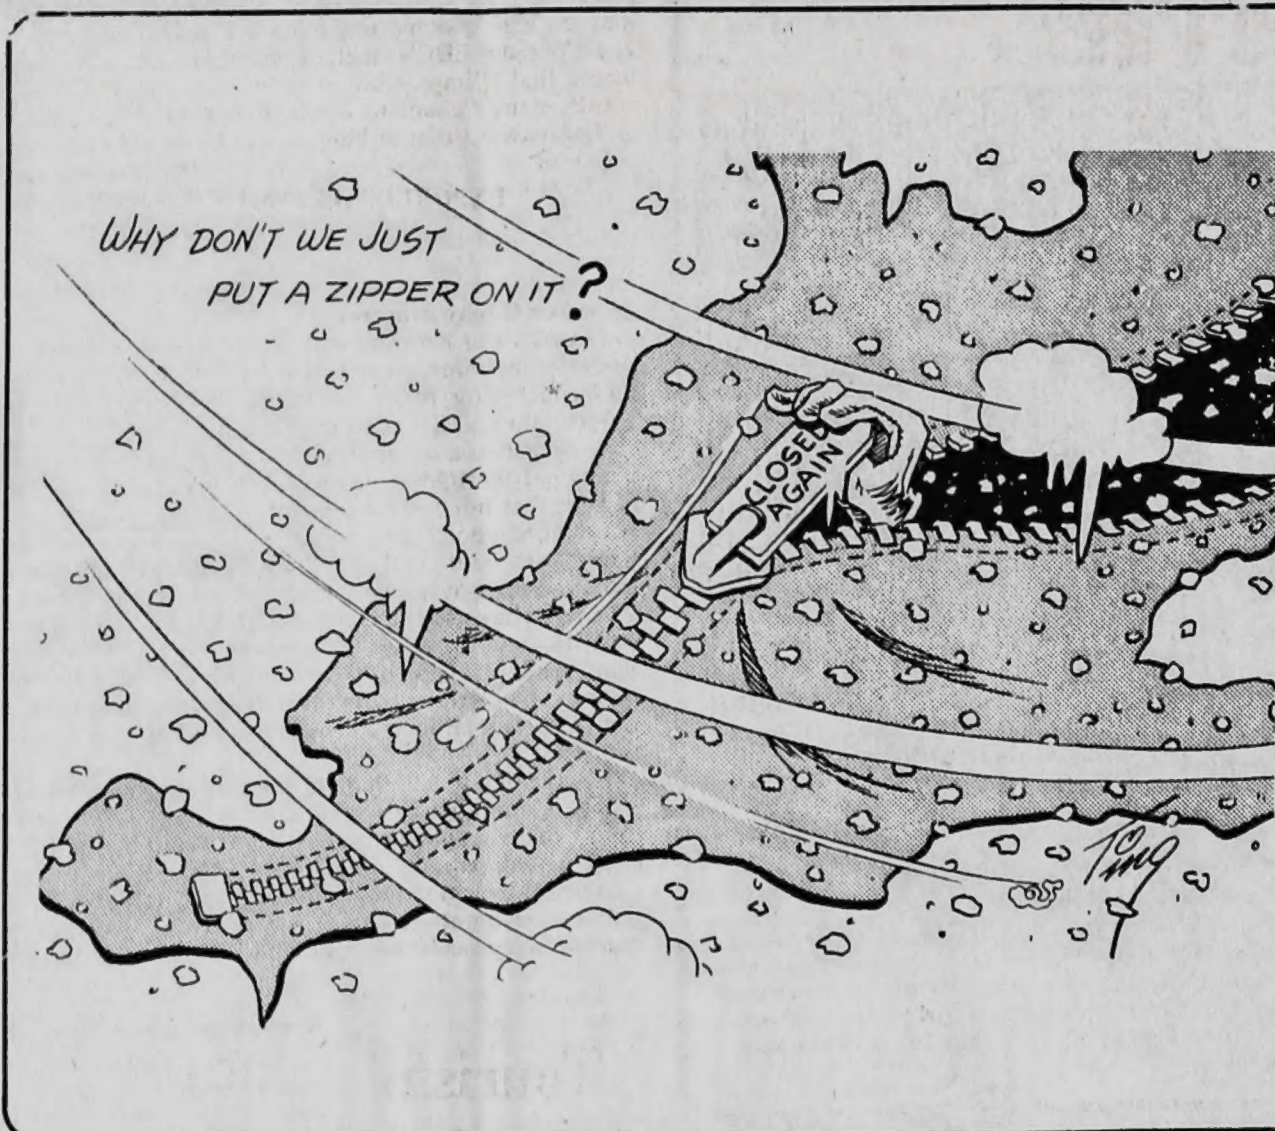

It gives a person a great satisfaction and gives them a different outlook on life when they start to become enthusiastic about events and other matters of interest in the community. It also takes your mind off yourself and your everyday worries when you become excited about upcoming events. When a person is not excited or filled with enthusiasm about what they are doing, they just seem to sit back and fall into a shell.

A friend gave us a book recently with the title "How to win over worry". It was written by John Edmund Haggai.

One of the chapters in this book was entitled "Poise through Enthusiasm", in which the writer goes on to say enthusiasm is essential to industry; enthusiasm is like steam. It impels action. Many people never get enthusiastic over anything, therefore they never do anything. Their lives become idle and negative and worrisome.

Enthusiasm tones up the whole life. There are men who constantly complain that they don't get enough sleep. They lament that they wake up every morning feeling as tired as when they went to bed. But what happens when they plan a fishing trip? They are awake before the alarm sounds at 4:00 o'clock in the morning and feeling great! The explanation? Enthusiasm! All things being equal, the person who is enthusiastic turns out three and four times as much work as the person who is listless.

Now, leaving the hook, we would like to add our own parting thought. Just think of those great Stanley Cup playoff games that were played in Philadelphia when those rabid Flyers' fans were carried away with their emotions and showed it by giving the Flyers a standing ovation everytime they came on the ice. This is, once again, enthusiasm.

Letters to the Editor

The Editor:

On December 7 your newspaper carried a "Report from Parliament" by William C. Scott (MP - Victoria-Haliburton) criticizing the Export Development Corporation and calling for its abolition.

Because a Member of Parliament has used your newspaper to portray the Export Development Corporation (EDC) as "a distinct threat to the future of some of (Canada's) domestic industries", I feel compelled to ask you for equal space to point out to your readers the error of Mr. Scott's statements and the absurdity of his conclusions.

Four of the statements are particularly misleading:

1) "EDC was established a few years ago to lend money to countries that wanted to buy Canadian products, but were not in a position to pay for them."

FACT: EDC is not an aid-granting agency. It is a Crown corporation with a 32-year history that operates on a commercially self-sustaining basis to provide financial facilities to assist Canada's export trade. The facilities include long-term loans to foreign buyers of Canadian exports, and credits insurance and foreign investment guarantees which reasonably protect large and small Canadian exporters and investors against uncertainty.

In 1977 these facilities helped create or sustain some 200,000 jobs across Canada because Canadian exporters secured more than \$2 billion in foreign contracts with EDC backing. The facilities generated income for the corporation principally from interest on loans, related fees and from insurance premiums. EDC expects to net a surplus of close to \$20 million on its 1977 operations repeating its annually profitable business without cost to the Canadian taxpayer.

2) "EDC has gotten completely off the track... loaned millions of dollars ... for the construction of nickel mills in countries (competing with) Canadian nickel producers."

FACT: Canada cannot control the decision of other countries to develop their resources and to buy goods and services in the international marketplace. If EDC decided not to finance Canadian export sales of equipment and services for an overseas project, whether it be a nickel mine in Indonesia, a mini-steel mill in New Jersey or a pulp mill in Poland, EDC would simply be denying jobs for Canadians. Such action would

not change for a moment the decision in the foreign country to proceed with the project. We live in a competitive world and other countries would simply move in and take Canada's place.

3) "We now learn that EDC has been lending tens of million of dollars to companies in industrialized nations such as the United States and Great Britain, and to oil-rich nations of ... Saudi Arabia ... and Venezuela."

FACT: EDC produces an annual report every year, a news magazine every two months and news releases every week to keep Canadians fully informed about EDC activities. Copies are, of course, provided to Members of Parliament. It is hard therefore to understand how Mr. Scott would be so behind the times.

Buyers of Canadian goods and services even in so-called "have" countries such as the United States and Venezuela expect credit terms as part of doing business with foreign exporters. In order to keep Canadian exporters competitive in respect of credit, EDC must be competitive with equivalent organizations from other trading nations. Thus EDC loans are made on a commercial basis and at a maximum commercial rate consistent with the competitive circumstances. For example, a recent \$50 million EDC loan helped bring back to Canada the sale of five electric generator sets to Venezuela. The Canadian exporter beat Japanese competition and the contract will provide at least 1,000 man-years of employment at plants in Peterborough and elsewhere.

4) "EDC has exceeded its mandate and should be abolished..."

FACT: EDC's mandate as established by Act of Parliament is to facilitate and develop Canada's export trade by the provision of insurance, guarantees, loans and other financial facilities. By combining the functions of an international merchant bank and a private risk insurance company, EDC is able to support some 45% of Canada's sales of capital goods and services outside North America.

Canada can no longer rely on its natural resources to balance its trade books. As a nation we must pull together and sell more of our manufactured and processed goods in the highly-competitive world

Cont'd. page 5

Editor's Notebook

by John Zylstra

I just got my copy of the newsletter sent out by the Chamber of Commerce explaining their reasons for pulling out of the Central Ontario Travel Association and, frankly, I have yet to read a document containing more misinformation, falsehoods and half truths.

As an example, the chamber news letter states that benefits to the Haliburton area are \$5,000. COTA is funded by the Ministry of Industry and Tourism to the tune of \$105,000; \$30,000 for administration and up to \$75,000 for promotion and advertising, provided members can come up with \$25,000 of their own. That makes for a total budget of \$130,000, and if all six areas share in the benefits of that budget equally, they should, that means benefits of \$21,666.66. That's a far cry from \$5,000 as stated by the chamber.

The board of the chamber stresses in the newsletter that they are expressing 'the facts'. In my opinion, the whole newsletter is misleading and does not aid chamber members in coming to their own decisions regarding COTA membership. Many of the directors have serious doubts that pulling out of COTA was the proper thing to do. Some, even after the decision was made, have expressed to me that they have changed their minds and now feel that the decision was made in error and not based on fact.

Many, if not most, of the directors are new to the area, new to the Chamber of Commerce and have little or no experience with the regional travel association program. Because of that they were led by a few into their decision.

It's time to get the whole mess out into the open and deal with facts; not the Chamber's slanted propaganda. The Chamber is cutting off its nose to spite its face.

Global's original anchorman is back and personally, I'm happy he is. Peter Trueman is a news man for whom I have a great deal of respect.

I've come to believe that the word truism is derived from his name. Every night, just before Lloyd and Harvey or Peter Kent come on with the 'hard news' of the day, Trueman is signing off with a bit of whimsy.

The other night he took The Globe and Mail to task for criticizing the way Anita Bryant and others wear their faith on their sleeves. It's not the responsibility of newspapers or newscasters to judge how others display their faith. That should be the prerogative of a Higher Power.

The situation is applicable to Haliburton and environs as well. To say the least, the county has aided in stopping the Canadian trade deficit by importing preachers from the American bible belt with their particular brand of religion. It seems the whole county has been subjected to a mass revival and become part of the 'charismatic movement' even though I'm not sure of what that is.

Some of the religious holdouts have been critical of this shirtless approach to their display of faith. It's not my style; but I'm not about to knock it.

Feir Play

By Creighton Feir

I don't think that there are too many of us who at one time or the other haven't had the feeling that they would like to move away from Haliburton to greener pastures in another town or city. About a year ago I was out making my weekly ad calls on the main street of Haliburton and was working in the area of J & K Office Supply at the far end of town. On this particular day I was feeling a little low and stopped for a moment and looked up and down the main street, and I had the feeling that I had lived here all of my life, and maybe it was time that I should gather my family together and start life anew in some other community. While walking up the street making my way back to the office, here at The Echo a friend of mine yelled across the street with a big wave with the usual comment, "How are you doing today." I kept on walking and another friend stopped me for a friendly conversation. Reaching the Bank of Montreal I heard my name being called out and it was a friend of mine who has a cottage in the area and who was preparing to leave to spend the winter months at his home in Toronto. He wanted to say goodbye and wish me the best of luck until he saw me again next summer. My next stop was the Kozy Korner Restaurant where I stopped into get a hot chocolate to take back to the office. It was here that I had the opportunity to have a talk with my good friend Bill Vanderhorst the owner who said it's always a pleasure when you drop in, and the hot chocolates on me. Arriving back at the office I had the feeling that this such a bad place to live after all and how many places could I go where people would be so friendly. It was here that I came to the conclusion that Haliburton's my town and I am pleased to be part of it. I certainly hope that someday I will not make a rash decision and move away. The people in this community and in Haliburton County have been good to me and my family and it is really appreciated. It all boils down to the fact that do you want to be a big fish in a small pond or a little fish in a big pond.

Last week we mentioned the fact that several people were complaining that the Ministry of Transportation and Communications (formerly the Department of Highways) where not keeping the highways in Haliburton sanded enough. At that time we had to agree and made it known through this column. Since our last paper came out the sanders have come out of the woodwork and they have done an excellent job of really sanding the highways. It's fine to criticize when it is needed, but when the job is being done it's time to throw out the bouquets and this is just exactly what we are doing. Keep up the good work, and let's see plenty of sand and salt placed on the highways to make driving conditions a lot better.

The Haliburton Rotary Club has run many projects over the years, fund raising projects and you can bet your last dollar that they will be keeping up this excellent work. Of all the projects though, probably the most interesting, and one of the most worthwhile is the student exchange program. This program not only gives local students the opportunity to travel to other countries and learn about other cultures, it gives local families the opportunity to learn about other cultures and life without really leaving Haliburton County. Four to six families get a chance to make a foreign exchange student part of their life for a few months everytime a new student is part of the program. While the student is learning about our way of life, the families get an insight into the way of life the student is used to living in. The program, although small, is a way to create their understanding among mankind throughout the world, and the Rotary exchange and many other programs like it will help make the world a better place to live in.

The furniture show is on in Toronto, this week and representatives from Black's Pro Hardware, Newbatt's Furniture and Appliances from Haliburton and Minden Furniture in Minden are in the big city to look over the new lines of furniture, that they will be selling their customers in the months ahead.

Last Friday we said goodbye to Linda Boice, who has been our receptionist here at The Echo for the past several years. Linda with her great personality and a wonderful smile always made her a big hit with her fellow employees and with the customers that she greeted each and every day at the counter. She was the kind of person that it was a pleasure to work with, and she could always be counted on to make the people who she was dealing with feel at ease. Many people have told me that it was a pleasure to walk into The Echo and place their ads with such a pleasant person. We will certainly miss her around here but we join with her many friends in wishing her the best of luck when she takes up her new position at the office of the Minden Detachment of the Ontario Provincial Police.

During the past two months, I have received several letters from some very close friends of mine who have moved from Haliburton. I feel very guilty that I haven't dropped these people a line. I must admit that during the holiday season I have been extremely busy and this is the reason that I am behind with my letters. Just hold on folks, you are going to hear from me sooner or later. It's certainly encouraging to get these letters and I certainly want to answer them.

Sunday was certainly a beautiful day here in the Highlands and its my guess that the local people just didn't enjoy the weather, there was something else that held their attention. This had to be the Super Bowl which was played in New Orleans between the Dallas Cowboys and the Denver Broncos. It would be my opinion that 95% of the people here in the county had their eyes glued on the TV set to see this great football classic. The Super Bowl is what it's all about and this is why these two great football teams worked so hard all year, so that they could be part of this great classic.

Speaking on the subject of television, many people in the area who are not on cable and depend only on CKVR-TV Barrie for viewing pleasure must be wondering just how much longer they are going to have to wait before this tower in Barrie is back in operation and they can watch television once again. It's been a long time since the tower in Barrie was put out of operation, when it was practically destroyed when hit by a plane. Let's hope that it won't be too much longer before people have TV once again.

Have a good week and may the good Lord bless and keep you until we meet you once again next Wednesday in this column.

Report from Queen's Park

By MPP John Eakins

With respect to the Occupational Health and Safety Act, Liberal Members are concerned about the lack of inclusion of standards for toxic substances. While provision is made for the Lieutenant Governor in Council to make regulations on a wide variety of subjects, there is no indication of criteria or guidelines to be adopted. There has been extensive research into the concentration of airborne substances to which workers may be exposed without adverse effects. For example, the American Conference of Government Industrial Hygienists has compiled a list of some 400 toxic substances, setting out exposure standards, with respect to the average concentration for a 40-hour week as well as the maximum exposure permissible for a short-term period. We believe that the Province of Ontario should adopt threshold limit value standards at least as effective as those adopted for various substances. At the very minimum, the legislation should set out specific standards for materials or harmful physical agents which would adequately ensure to a reasonable extent that no employee will suffer material impairment of health or functional capacity, even if regularly exposed to a hazard for the period of his or her working life.

How are these standards to be set? Under the proposed legislation, entirely at the discretion of the minister behind closed doors. We have proposed that employees, employers and independent experts should have a voice in establishing standards. One possible mechanism might be the advisory council on occupational health and safety, to be established under the proposed legislation. This advisory council might play a useful role in setting standards, providing its membership is representative of all employees and employers, non-unionized as well as unionized, small as well as large companies.

From the Chamber

by Bob Stinson

This weekend marks the beginning of our busiest portion of the winter season. In Haliburton both the Skyline Bonspiel and the Kashagawigamog Atom Hockey Tournament gets underway on Friday.

Members of the Haliburton Curling Club have been working feverishly to complete the final phases of the brand new rink in time for this annual bonspiel. After some initial problems at the rink last week the first rock was thrown down the ice officially on Sunday, January 14th. The official opening of the rink will be held on Wednesday, January 25th at 7:30 p.m. and all ardent curling enthusiasts are invited to attend.

The Kashagawigamog Atom Hockey Tournament is now running for its fourth consecutive year. Sixteen teams compete in A and B categories over a three day period for consolation and championship series and a grand championship series in each. The hockey players are housed at Haliburton Highlands Secondary School, but an average of 250 to 300 parents and spectators accompany the players to Haliburton for this weekend and virtually jam all accommodations for some considerable distance around. This spectacular is presented by the Lake Kashagawigamog Tourist Association and Haliburton Minor Hockey Association.

The following weekend January 27, 28 and 29th Minden's Annual Winter Carnival gets underway under the auspices of the Minden Kinsmen Club. One of the big new attractions at last year's carnival was the car racing on ice, which once again will be their featured event. Many, many hours of work go into the preparation of this ice oval, and drivers last year were very enthusiastic in their praise of the facilities provided here. In addition to the races, there is something for everyone at the

In a number of other jurisdictions, industrial health and safety standards are set openly by public bodies, and we believe the Minister should follow this example in Ontario. The legislation does set out a distinction between designated toxic substances, and other toxic substances for which the Minister suggested that guidelines be enacted. However, it is not clear what sort of regulations will be enacted with respect to either category.

How will these regulations be communicated to workers on the job site? In our view, the legislation should require that a notice containing pertinent information on general occupational health and safety legislation, and notice of particularly harmful substances, should be made available to every employee. This is done in some of the Californian legislation on health and safety.

There is some concern that the bill makes no provision for the introduction of a pretesting program for new substances introduced in the work place which are suspected of being harmful. The federal food and drug directorate provides such protection with respect to food and drugs, and it is felt that workers should receive similar protection.

Apparently the environmental protection agency in the United States has begun a program of pretesting all substances which find their way into the environment. Priority is being given to substances with the greatest potential for causing harm, particularly those which may cause cancer. New medical techniques are being utilized. We feel that the Government of Ontario could co-operate with other agencies involved in testing new substances, perhaps dividing up the substances to be tested in order that pretesting could be done in an expeditious and efficient manner.

We have had preliminary discussions with representatives of employers' groups as well as employees on this subject. They're naturally concerned about possible production hold-ups and loss of competitive advantages. They are not opposed to the concept of pretesting, providing that delays are reduced to the minimum possible period.

There is some concern about the manner in which records of over-exposure are to be utilized. Are these records to be turned over to a provincial registry where each worker's entire work history can be

Letters

from page 4

market. EDC's supporting role for Canadian industry is vital. Without EDC's facilities many Canadian exporters would find it impossible to do business abroad. As a result, many Canadians would be jobless. I don't think any of us want that to happen - and that's a fact too.

Yours sincerely,
EXPORT DEVELOPMENT CORPORATION
John M. Bowles,
Director,
Corporate Communications

To whom it may concern:

I live on the backline and must travel up Mountain Street to get home. Anyone who lives on the saem street and connecting roads knows the condition of these namely always, icy and extremely hazardous.

Several times on my way home I have encountered young people right on the road. When you are making a run for that hill and its snowing, blowing and icy, you have little choice but to keep going or else slide backwards and end up backing down and thus endangering anyone who might be coming up behind. The kids I have seen are old enough to know better. Not only do they risk injury themselves, but could cause a bad accident. I realize there's not much room for pedestrians on the road up that hill, but still people have got to walk as far over as possible not strung out across the road.

I would like to add that considering the hazard to all using Mountain Street, that it wouldn't hurt the municipality to put extra sand and salt on that hill, so there would be some traction.

And please everyone, be careful on these roads. No one, not even the most expert of drivers has much control on icy roads, especially if they're going too fast.

Sincerely,
P.J. Brohm

Tourism meeting in Midland

The Liberal Caucus Task Force on Tourism is holding a public meeting in Midland on Wednesday, January 18th at the Athenian Banquet Hall, 237 Second Street. There will be a cash dinner at 6:30 p.m. and the formal part of the meeting will start at approximately 7:45 p.m.

The Task Force has held meetings in Bobcaygeon, Owen Sound, Parry Sound, North Bay, Sudbury, Thunder Bay and Cornwall. It will be visiting other centres in the province and will be making a final report in the spring of 1978. In the meantime, however, the Task Force has submitted recommendations for consideration to the Premier and the Minister of Industry and Tourism.

Mr. Sean Conway, M.P.P. Renfrew North will be acting Chairman for the meeting. The Task Force is headed by John Eakins, the Liberal Critic for Industry & Tourism and member for Victoria-Haliburton. The following MPPs are members of the Committee - Ray Haggerty (Fort Erie), J. Earl McEwen (Frontenac-Addington), Eric Cunningham (Wentworth North), Mike Bolan (Nipissing), Vince Kerrio (Niagara Falls), Jack Riddell (Huron Middlesex), Bob McKessock (Grey), Remo Mancini (Essex South) and Ron Van Horne (London North).

Slapshot

by Bill Davis

Cancelled games seem to be a problem in the Tri County and O.M.H.A. leagues this season. Take the local teams involved for examples; there have been at least twelve games that have been, or still to be, re-scheduled for one reason or another, mostly because of adverse weather conditions. Rescheduling of ice always creates a problem and unfortunately some games never get played, which, of course, is unfair to our local teams as Haliburton is the center that does most of the travelling. We travel every game to the south of us and these same teams only come to our center once. The other thing that upsets local hockey officials is that there are a couple of teams that cancel games for no apparent reason at all. Rumor has it that Little Britain has pulled all its teams out of the Tri-County league.

Getting closer to home I understand the O.M.H.A. bantams cancelled a game in Minden last Saturday just twenty minutes before they were to play as some players failed to show up at the arena to make the trip to Minden. The Bantam team is short of players to start with and players who fail to notify their coach that they can not be there, are being irresponsible. Remember fellows, the hockey is for you not the coaches and parents, so if you can't be there notify your coach or manager to eliminate any financial loss to the host clubs for referees.

I have heard several people on the subject of public skating and the inavailability of ice time scheduled for this purpose. I, for one, agree that there should be ice allotted for this purpose, but disagree with the individual that goes around blaming minor hockey or the Huskies for this problem. The blame is being placed wrongly. Most priorities are based on need, and public skating in recent years has declined. On two occasions this year I have been in attendance while public skating was going on and on both occasions counted less than 15 people in attendance. That proves to me that the need of the majority of people that use the facilities not evident. However, this doesn't mean that the board should eliminate public skating, as times and dates should be set for this specific purpose. Point two I would like to make on this subject is in regards to Mr. Sringer and his recent letter to the editor of this paper. I for one thought his suggestion of flooding the ball diamond warranted merit. So I checked out this suggestion and was informed by the clerk of the municipality that this idea had been tried on three different occasions since he became clerk 15 years ago, and had failed on each occasion because of the lack of participation or by adverse weather conditions. Incidentally, on checking the arena calendar since the middle of October, I found that the only two Sundays that the arena was closed for public skating was Christmas Day, New Years day. Remember, that when the Junior "D's" are playing, public skating is not cancelled but rescheduled to 12 p.m.

Just a reminder to all hockey enthusiasts that a great weekend is in store for you as the Lake Kashagawigamog Tourney gets underway Friday afternoon at the Dysart arena.

Remember Everyone Can't Play Sports,
But Everyone Can be a Sport!

Huskies are in for the attack on Lakefield Chiefs goalie during Friday nights meet in Haliburton. The Huskies came up with a 9-7 win.

Huskies tune Lakefield 8-5

The Travelways Huskies have knocked on the door to victory with Lakefield several times, but Friday night the door opened and the Huskies skated away with a 8-5 win over the Lakefield team in a game played at the Dysart arena.

The visitors got on the scoresheet early at the 45 second mark when Greg Palmer beat Miles Maughan in the Haliburton net. Then at the 8:21 mark Lakefield made it 2-0 on a goal credited to Dan Clements. Dave Armstrong was given the assist on the play.

At the 5:28 mark Joe Roberts fired his first of two goals past the Lakefield goalie, a hard shot to the glove side. Steve Farnsworth picked up an assist on the play.

4 Huskies named to All-Stars

Four members of the Travelway's Huskies will be in the lineup for the O.H.A. All-Stars when they meet the Lakefield Chiefs in Lakefield on Tuesday evening.

This annual game hosts the best of the Central Ontario Junior "D's" against the league champions of last year.

Benefits of this game go into an all star fund which will be used for emergency purposes.

At the 6:18 mark Lakefield's Galvin was called for holding. At this point team captain, Paul Graham, argued with the official and for his trouble as assessed a ten minute misconduct, a major misconduct and a minor which meant the visitors played two men short. At the 7:56 mark Roberts fired his second goal to tie the game. Shaw and Curry drew assists on the play.

From then on both goalies were called on to make some good saves and at the 17:39 mark Tom Curry pulled the Lakefield goalie out of the crease and flipped into the wide open net to give the Huskies a 3-2 lead to end the period.

It took 4:18 seconds of the second period for the visitors to tie the game when Greg Palmer beat the Haliburton goalie.

Then again at the 6:10 mark, the visitors took the lead when Dan Payne scored. The Huskies came right back at the 6:33 mark and Rod Consack tied it up once again. Randy Barras and Mike Scheffee drew assists on this play.

Once again the Huskies jumped into a one goal lead

on a power play goal. This time it was Curry from Bain at the 12:11 while Lakefield's Greg Palmer was in the sin bin for slashing. Larry Stinson gave the Huskies a two goal spread at the 14:58 mark when Barras fed the puck to the point from a face off.

In the third period it was evident that Lakefield was out to get the Huskies top players out of the game or at least in the penalty box. At every opportunity they took cheap shots at, Bain, Curry, Roberts and Shaw, but cooler heads prevailed and at 5:01 the B.B.C. line connected to give the Huskies a three goal margin. Bain from Barry and Curry.

Lakefield narrowed the margin at 16:24 as the Huskies seemed to falter in their own end and Steve Spencer beat Maughan in the Huskie net. Any chance Lakefield had of getting back in the game ended when Tom Curry, killing a penalty to the Huskies Roberts, stole the puck at the Lakefield blueline and beat Duane Wingett to give the Huskies a 8-5 victory.

HUSKIE NOTES
Joe Roberts was back in uniform and had two goals and along with Tom Curry's

Down Fenelon 3-2 Pee Wees undefeated

The Tri County Pee Wees keep rolling along in their undefeated ways. Saturday at the Fenelon arena was no exception as they downed the hometown Fenelon team 3-2. A week ago at the Dysart arena these same teams played to a scoreless tie. Their record to date is an impressive fifteen wins and two ties.

In Saturday's game Fenelon took a one goal lead at the 7:28 mark of the opening period only to have Haliburton come back thirty four

Minor Hockey executive completes tourney plans

A recent meeting of the executive of Haliburton Minor Hockey was held and plans were completed for the Lake Kashagawigamog Atom Tourney to be held on January 20, 21, 22 at the Dysart arena.

One of the topics of discussion was the cost of referees

seconds later at the 8:02 mark when Rod Sisson was set up by Sheldon McMurray. Haliburton took a 2-1 lead at the 7:54 mark of the second period when Shayne Yateaman scored unassisted. Just thirteen seconds later Harold Rowbottom gave the visitors a two goal lead, Yateaman drew an assist on the play. Fenelon came back in the third period on a power play at the 9:13 mark but it was a case of too little, too late and the Haliburton team skated away with a 3-2 victory.

Lois Whittaker treasurer of minor hockey gave a detailed account of the financial statement to the end of December. Registrations - \$1,940.00 Season Tickets - \$455.00 Donations - \$225.00 Total - \$2,620.00

Ice Cost - \$2,430.00 Referees - \$713.00 Total - \$3,143.00

Mrs. Whittaker informed the executive that there were 159 children registered with the minor hockey system and this indicates a decline over previous years.

Showdown today

To all kids enrolled in Showdown this is the day. Starting at 10 a.m. this morning, local youngsters will be trying their skills and trying to move on to the regional finals to be held in early February.

Any participant that wins at the regional level will move on to a nationally televised final later this year in Toronto.

CURLING

by Tom Stinson

After a few unfortunate delays our new curling rink will see activities begin this week. Our ice should be ready - we will play a few introductory games - to be all ready for our first big Bonspiel, the 19th. "SKYLINE" - beginning Friday night with draws at 4, 6 and 8 p.m. - and running through Saturday - with the finals for 4 trophies on Sunday. "A" event finalists will be after the Haliburton Lbr. Trophy, won last year by our own club, with Dave Bishop, Dave Gray, Bob McNaul and Murray Kuno. The "B" event finalists will play for the Currie Motors Trophy. The "C" event winners get the "Esso" Giles Connelly trophy, and the "D" rinks go after the Black's Hdwe. Trophy. 32 rinks will start to curl at 4 p.m. Friday, and 8 rinks will be finalists on Sunday.

Our rink will officially open on Wed. Jan. 25 at 7:30, with a half-hour ceremony, followed by League Games. All curlers and friends - as well as any would be curlers, are cordially asked to join us. Our ladies have added an afternoon schedule to their programme - first date will be Monday, 1 p.m. January 23rd. Any ladies who would like to join in this great sport or invited. Our Thursday night mixed is always our most popular night. The 9 p.m. Draw is over filled, but we do have some room for 7 p.m. Draws - First Come - First Accepted. We can use more men curlers for both Monday night and Wednesday night. We also plan to try a senior Men's afternoon league - similar to one that is so very popular at Minden's Rink.

Dick MacLeans rink - our entry in the district British Consol OCA play-down did right well - winning 2, but losing 2. Dick had Ken Wilson, John Wilson and Glen Blair with him. Well done. There are 18 clubs in Dist. 4 of the Ontario Curling Association, so you know it is tough competition in all OCA events.

A big THANK YOU to the MINDEN CURLING CLUB CURLERS.

We appreciate exceedingly your generosity and co-operation in allowing us to use your facilities for practices and play-down games while our new rink was undergoing completion. We will be glad to reciprocate at any time.

Throughout the year we will also provide cottage security and snow removal when necessary.

The Travelways Huskies were handed a 5-4 loss by the Bancroft Jets, Sunday afternoon at the Dysart arena, but probably of more concern to them, at this point, is the fact they lost the services of one of their top shooters.

Tim Bain, a member of the B.B.C. line, left the game in the second period with a broken wrist after being rammed into the boards by the Bancroft team Glen Watson following what Huskie management termed, a deliberate attempt to injure, penalty was ignored by the officials. Assistant coach Brian Black told The Echo that, "It was the worst refereeing I have ever seen."

Bancroft took an early one goal lead at the 6:03 mark when Brian Parks was put in the clear by Kim Hinze and beat the Huskie netminder. At the 9:24 mark while Bancroft's Mark Laundry was off for holding, Tom Curry evened the score when he was

set up by Roberts and Barry Shaw.

At the 13:28 mark Tim Bain gave the Huskies a lead when he cleanly beat McCormick at the Bancroft net. However, this lead was short lived and at the 14:12 mark Hinze gave the visitors the equalizer. Glen Watson was given an assist on the play, and after twenty minutes of hockey it was a 2-2 tie.

In the second period it was mostly all Bancroft in the scoring, but the Huskies got

on the scoresheet with four consecutive penalties and at 4:34 Bancroft's Hinze gave the visitors the lead once again. Laundry and Randy Fransky were credited with assists. The locals evened the score once again at the 8:10 mark when Roberts blocked a Bancroft pass and went in alone to beat the Bancroft goalie.

But from there on in, the second period was all Bancroft as they pumped in two goals, the first at 15:28 was

McGhee from Hinze and Laundry. Then at 18:43 a power play goal off the stick of Glen Watson gave the visitors a two goal lead. The Fransky brothers were given assists on the play.

The third period was play-off hockey, end to end and both goalies made save after save. At the 6:05 mark Huskies Joe Roberts moved them within one goal, Salvatore and Curry drew assists.

At the 12:50 mark Bancroft's Tomlin was given a

roughing penalty for fighting and an additional minor for being the aggressor. The Huskies buzzed around the Bancroft net as shot after shot missed the mark and the frustrated huskies came up on the wrong end of a 5-4 count.

There were 16 penalties called by the officials. The Huskies were assessed 10 for a total of twenty minutes and Bancroft picked up 7 for a total of 16 minutes including a double minor to Bancroft.

Huskies suffer two losses ingame

Minden Carnival

Plans have been completed for the annual Kinsmen Winter Carnival and this year's event is bigger and promises to be a major attraction to seasonal and year round residents.

On Friday there will be the crowning of the carnival queen, a curling bonspiel, figure skating show and from

8 p.m. to 12 p.m. there will be a sock hop at the arena.

Saturday's events will be highlighted by the giant parade and of course, the ever popular sports car ice racing. In the evening there will be hockey as the C.K.V.R. No Stars take on the Minden Kinsmen and the evening will be topped off with a dance to the music of the Slim Brandon band.

Sunday will again see the local dragsters take to the ice. A giant beef barbecue after a snowmobile safari to Anson Mountain, as well as other events too numerous to mention.

So, make it a date to remember as on January 27, 28 and 29 all roads lead to the county town.

Pee Wees win 2

The Haliburton Pee Wees fared well at the Bobcaygeon Pee Wee tournament winning the first two games and then dropping a close 4-2 game to the host Bobcaygeon team as they were hit with the flue bug in the final game.

In the first game Haliburton took a 3-1 decision from Keene in a cleanly played game that saw exceptional goaltending by Haliburton's Steve Dodd and Jamie Bennett.

The second game saw the local team jump on a Peterborough Pee Wee team and fire four fast goals and go on to completely dominate the game as they fired shot after shot and the Peterborough goalie kept the score from double numbers.

The final game saw two of Haliburton's top centres leave the game because of the flue. However, the local squad built up a two goal lead at the end of the second period. Bobcaygeon scored early in the third and at this point sensed victory over a tired Haliburton squad and fired three more unanswered goals to take a 4-2 victory. The Haliburton management stated that the tourney was well organized and was a good tournament.

Novices down Bracebridge

Jeff Popple fires two

Last Saturday the newly formed novice league got underway at the Dysart arena and for the local boys, most of whom were playing their first hockey game ever in a league, it was a time for celebration as they defeated the visiting Bracebridge team in an exciting 2-1 game.

Jeff Popple fired two goals, one at the 13 second mark and the other at the 9:27 mark of the third period, to gain the win.

This league has just been formed and consists of four teams, Bracebridge, Minden and two teams from Haliburton. There is a schedule printed in this edition elsewhere.

Atoms drop 2-1 game

In Tri-County action on the weekend the cross country rivals do battle at the Minden Community Center with the home town team taking a hard fought 2-1 victory from the Haliburton boys.

At the 11:33 mark of the first period Tony Hartin gave the Haliburton team a one goal lead only to have Minden come right back and tie the game. The second period saw the Minden team take the lead to skate away with the win.

Haliburton Highlights

BY CREIGHTON FEIR

Cordell Interiors at Haliburton will be closed from January 16th to January 30th inclusive. Regular hours will commence as of January 31st.

Len Ellison and Gary McKnight from Haliburton Marine Limited are at present at the boat show in Toronto. Haliburton Marine have a booth at the show.

We are sorry to report that Harold Austin has not been in the best of health and we wish him a speedy recovery.

The Victoria-Haliburton Liberal Association (Federal & Provincial) will be holding their Annual Meeting this Friday evening, January 20th in St. Mary's Auditorium at 16 St. Lawrence St. in Lindsay at 7 p.m. Many liberals from Haliburton County will be attending this Annual Meeting.

Everyone in the Municipality of Dysart et al are reminded that no parking will be permitted on Snow Routes which interfere with snow removal operations. Failure to observe this regulation will result in removal by wrecker.

It's really nice to know that everyone reads our newspaper. Last week we put the wrong date on the top of the paper on the front page by mistake and you would be surprised how many people brought this error to our attention.

Congratulations to Howard Roberts of Haliburton who has been appointed as the new Roads Superintendent for the Municipality of Dysart et al. He replaces Sid Roberts who did a great job in this capacity for the past several years.

They have been experiencing problems with the ice surface at the new Haliburton Curling rink. It appears that variation in weather conditions put large humps of ice on the ice surface.

We are glad to report that Arlene Robinson has returned home following surgery at Civic Hospital in Peterborough. We wish her a speedy recovery.

Skyline set

The annual Skyline Curling Bonspiel is all set to go this Friday at the new curling club in Haliburton. This is the 19th annual spiel and it gets underway at 4 p.m.

This year there are 32 rinks competing for the four trophies that have been donated by business men which include:

"A" Even Labatt's Trophy, "B" Curry Motors Trophy, "C" Esso, Giles Connelly Trophy, "D" Black's Hardware Trophy.

Queen's Park

from page 5

followed? This would appear to be absolutely essential for two reasons: one, to enable an individual worker to prevent irreversible damage to his health; and two, to enable medical authorities to identify high-risk substances and working conditions.

The bill fails to establish the Occupational Health and Safety Research Institute which the Premier announced during the 1975 election campaign. What is going to be done about this, one wonders?

In spite of increasing and widespread concern about industrial hazards to health, the province continues to lack an adequate supply of occupational health, the province continues to lack an adequate supply of occupational health specialists in various fields. There is a lack of industrial hygienists, nurses, safety engineers as well as other professional and paraprofessional personnel.

Even today, nurses who wish to specialize in industrial health must receive their certification in the U.S. Industrial health experts are being sought after in other jurisdictions at a time of high unemployment in Ontario.

From Chamber

from page 5

tournaments, and the tourist associations also enlisted the co-operation of the Haliburton County Snowmobile Assoc. in the operation of their Rally. The Minden Kinsmen and the Haliburton Rotary have enlisted the co-operation of virtually all active groups in their respective areas in order to stage their respective carnivals. Snowarama is operated through the co-operation of Haliburton and Minden Rotary Clubs, the Haliburton County Snowmobile Association, and the Provincial Society for Crippled Children. In addition to this the Chamber is co-operating with all the above mentioned groups to help promote these events, and over the next few weeks many of you will see some of the promotion on CKCO TV Channel 11.

There has been considerable concern as to whether the Haliburton Social Planning Council can continue to operate as a viable organization or not. There next meeting is at St. George's Church in Haliburton on January 26th at 10:30 a.m. Anyone concerned with the future of this organization should most certainly plan to attend.

Bowling round-up from Carnarvon

There was lots of fun and excitement at Carnarvon Lanes on Sunday afternoon as we bowled the first Annual Mixed Couples Tournament.

Mrs. Evelyn Bradley

Recent Lakehead graduate

Mrs. Evelyn Bradley was granted a Bachelor of Arts degree in Sociology, with First Class Honours, by Lakehead University in Thunder Bay at the Fall Convocation in November.

Mrs. Bradley is the former Evelyn Cooper, daughter of Mr. and Mrs. Stanley Cooper of West Guilford, and secondary school in Haliburton. She was a member of the first grade 13 class in Haliburton County, held at the Old Haliburton High School (now the Lakeview Centre), graduating in 1951.

Mrs. Bradley later attended Teachers' College in Thunder Bay, and has been teaching elementary school there for the past eight years.

Bike club in planning

A first for the Highlands area. A meeting was called together by Dave Dodd of Haliburton and Larry Hughes of Minden to begin organization of a local motorcycle club. Several enthusiasts were in attendance. A meeting has been suggested for Feb. 11, at which the cyclists hope to have in excess of fifty people attending.

The group feels that the club will aid riders to have more enjoyable tours both on and off the roads. Disorganized jaunts on bikes, as with snowmachines, cause havoc with land owners. It is the hopes of these fellows to create a feeling of well being between the area residents and the members of the club. As an organized club, it will promote safety first and good public relations.

Organized bike events can also aid local business and add to the publicity needed in local tourism efforts.

There is an open invitation to all who are interested.

The meeting on Feb. 11 will be held in the Orange Hall in Haliburton at 2 o'clock (Sat. afternoon).

This tournament was for couples who were not husband and wife and were given a handicap based on 80% of the difference between their last season's average and 225.

Joanne and Bob Robinson were the winners with combined scores of 2100 (224 hdcp) and won \$20.; Deb Harding and Ab Cox second with 1980 (252 hdcp) \$15.;

Phyllis Sutherland and Gord Darby third with 1933 (176) \$10. Fourth to eight place won tickets on the Ontario Bowlers Congress lottery and all eight couples compete for the final round next Sunday at Bancroft at 1 p.m.

Fourth place couple was Beth Hicks and Doug P. Robinson 1931 (668); 5th - Mary Wilson & Cliff Burke 1913 (204); 6th - Barb Allison

& Dusty Sutherland 1875 (340); 7th Ev Stata & Bill Barber 1874 (64); 8th - Lorna & Jim Hicks 1862 (416 hdcp.)

There were some lovely high games bowled with Doug Robinson of Ingoldsby (a 128 average bowler) out-doing them all with a 333 game. Tim Hughes had a 311 and Ronnie Robinson 305.

MAPLE LAKE BOWLING
Ron's Rollers, with help of Bill Korz of Fenelon, who had a fantastic 879, (352, 297) wiped out Lynn's Loafers; Fred's Foxes 4-3 over the Strikers and Dan's Dynamos 5-2 over Audrey's Angels leaving the team standing Fred's Foxes and Audrey's Angels tied 35 each. (Sorry Fred I goofed last week on your points) Strikers 29; Rollers 28; Loafers 21 & Dynamos 20 points.

Other high triples bowled were by Dan Harding 742 (265, 264); Wes Stata 734 (274, 251); Ronnie Robinson 707 (252, 250); Gord Everall 699 (250, 242); Fred Cox 695 (260, 230); Tim Hughes 691 (297, 226); Marlene Robinson 683 (269, 233); Dorothy Ann Robinson 677 (264, 225); Ev Stata 661 (302); Ron Robinson 659 (234, 233); Deb Harding 618 (224).

High single games: Flo Henderson 266; Wendy Kirkpatrick 260; Norm Barry 225; Rick Harding 222, 202; Harold Kirkpatrick 215; Walt Ackerblade and Dick Downey 212. Congratulations to Bob Heppleston for his perfect 450 game in the Men's Commercial League and to Audrey Fountain for her 401 in the

Thursday Afternoon Ladies League.

BOWLING THURSDAY LADIES

The Thursday ladies bowling is lead by Joan Hatoski with a 721 (327, 205) followed by Eva Piper with 714 (274, 215, 225). Other bowlers with over 200 include Iris Taylor - 243, Peggy Brown - 240, Kay Barry - 230, 202, Audrey Fountain - 222, 205, Frieda Colmas - 222, Evelyn Prosenko - 201, Lillian Gorveatt - 201.

January 12, puts Audrey Fountain in the lead with 758, 401, 166, 196; following by Lillian Gorveatt with 738, 295, 273, 170; Kay Barry 645, 256, 206, 183; Joan Hatoski with 671, 206, 248; and Joan Closs with 611, 230, 224. Other with over 200 include Peggy Brown - 269; Eva Piper - 235; Iris Taylor - 217; Jean Carr - 209; Ann Baker - 210.

HILO DOUBLES TOURNAMENT

All those couples who were League winners in the Hi-Lo Doubles tournament will please note that the zone round will be held on Feb. 26th at Fenelon Falls with shifts at 10 a.m. and 1:30 p.m. Will any bowler unable to attend please contact Ron Robinson or their league secretary.

WEDNESDAY BOWLING

Harry Henderson led the way with a 670 triple and games of 266, 218 and 186. Other high triples are Lin-

Look to the past for a brighter future

The Canadian Stepstove

Vermont DownDrafter

Rising energy costs. It's becoming a very real crisis for many Canadians. We're all feeling the pinch. And many have already turned to the past for their solution. The answer to efficient and economical home heating...the traditional wood burning stove. Widespread use of metals and plastics in modern production has created an abundance of inexpensive North American fuelwoods. Wood that can be used for safe, comfortable heating. And depending on stove type, its location and the severity of winter, you can expect to save one half of your fuel bill. Some reports savings of up to 80%.

If you're looking to escape the high cost of heating, you'll find the way in a wood burning stove.

allows you to go to your favorite teller simply by letting the person behind go ahead until your teller is free.

The Word of God by Brian V. Sullivan

[The writer of this column must apologize for its absence during the past few weeks due to unforeseen circumstances and illness]

We have been discussing the Kingdom of God, and in this article we want to introduce the vision that Nebuchadnezzar had through a

dream. This dream, which none of the wisemen of Chaldea were able to interpret, was interpreted by Daniel the man of God. Our text for today is Daniel 2.

First, the dream itself as revealed by Daniel. "Thou, O king, sawest, and behold a great image. This great image, whose brightness was

excellent, stood before thee; and the form thereof was terrible. This image's head was of fine gold, his breast and his arms of silver, his belly and his thighs of brass, his legs of iron, his feet part of iron and part of clay. Thou sawest till that a stone was cut out without hands, which smote the image upon his feet. Cont'd page 10

Gems of Truth

Christian Stewardship

(Cont'd. from last week)
The fact that Paul devoted two whole chapters (11 Cor. 8,9) to the question of Christian stewardship or giving, reveals the great importance he attached to it. Christian stewardship, or stewardship in general, means the management of the affairs of another. The true Christian steward is the Christian who realizes that his care really belongs to God and that he has been given only temporary charge of them. This applies to a much wider range of trust than that of giving, but chief among them is this grace of giving because the work of the Lord is dependent upon the faithful discharge of this responsibility.

It has been said that if it had not been for the good which it did to His people, God would have had some other method of financing His work. God considers giving a "grace bestowed". 11 Cor. 8:1-7, and as such stands in contrast to Old Testament titling of one-tenth as commanded in the Law. The Lord Jesus endorsed that legal

demand when He told His inquirers regards it, that, "these things ought ye to have done". Math. 23:23, but true Christian giving goes far beyond that legal demand of one-tenth. In our day of Grace, giving is not a compulsion from some outside influence, but is an in-born compulsion which leads to parting of our own goods for the needs of others. It is truly a "grace-bestowed" and ranks second to none of the gifts the Lord gave to His Church. 1 Cor. 13.

When the average person is touched in his purse his true character is deeper revealed than all his claims of belief. It seems that the purse is the last part of some Christian's lives to feel the effects of salvation. Many a nominal believer on Jesus has his financial affairs locked up in a separate compartment of his life and his purse is never converted. How different this is to the Christian ideal as expressed by the early Church, is plain to see.

These members decided that they themselves belonged to God, therefore they held

"all" possessions as a trust for Him. This was the secret of the Macedonian believers generous giving. It is said of them "they first gave their own selves to the Lord" 11 Cor. 8:5, and thus it is that if we give ourselves to God, how can we withhold from Him anything we may have?

In the parable of the unjust steward, the man is portrayed as a foreman who had charge of all his masters employees and affairs, and could use them to his own advantage if he so chose. He was accountable to his master, however, and the day of reckoning would inevitably come, and the wrong use of the powers given him would result in punishment and disgrace. Luke 16:1-13.

What a perfect picture of our duty and obligation to God in relation to possessions. They are His, and only the administration of them is temporarily entrusted to us. We also, shall be called to give account of the use we have made of children, property, money and opportunity committed to us.

The missionary giving of the Church is an amazing record, but it falls pitifully short of what we might have done were Christian stewardship taken seriously. The total sum spent in one year on selfish non-essential things could work marvels in spreading the Gospel.

True stewardship embraces the responsibility of the spreading of God's Word to the ends of the earth. The care of this matter falls upon us. We hold this priceless treasure only in order that it may be administered to others, and it is required in a steward that he be found faithful! A steward need not be gifted, able, brainy or brilliant, only that he be faithful. Many people are inclined to dream of what great things they would do for God if they had Rockefeller's millions, but ignore the question, "What are you doing with your own pennies?" We may not have much of this world's goods, so God will judge us by what use we make of the little we have. The Judgement seat of Christ will reveal all selfish attitudes in the matter of stewardship. At this judgement, every Christian will inevitably be faced with stewardship practices. What motivated our use of what we call our own, or why we withheld that which we could have done for others. Further, it will reveal our true character, was God first in our life? A truly cheerful giver will be commended in that scrutinizing day of stewardship faithfulness. 1 Cor. 3:11-15, Romans 14: 10-12.

News from Extendicare

BY DR. O.W. ANDERSON

Two of our gang are still on the sick list. Mrs. Mary Currah gives us concern. Mrs. Lola McColl is recovering nicely. Otherwise we are very fortunate to be in accommodation that is so free from illness. A group were here from Peterborough with their chest X-ray van taking x-rays of some of the residents.

Sun Life Assurance Co. is in the news, and I doubt if it is a surprise to anyone even among some of those politi-

cians who profess surprise. When Sun Life started in Montreal a hundred plus years ago, the political climate was perfect for business, even for the extremely sensitive business as insurance. In 1976 Premier Levesque on gaining power erected a road block, to business other than French. Sun Life tolerated this for awhile then recently opted for a move out of Quebec. The big problem is that no prem-

Word of God

from page 9

that were of iron and clay, and brake them to pieces. Then was the iron, the clay, the brass, the silver, and the gold, broken to pieces together, and became like the chaff of the summer threshing floors; and the wind carried them away, that no place was found for them; and the stone that smote the image became a great mountain, and filled the whole earth." (Daniel 2:31-35).

All kinds of conjectures could be made in regards to this dream of Nebuchadnezzar, but before we suggest anything it seems only reasonable that we look at the interpretation that Daniel gives.

The interpretation of the dream is presented in these words: "Thou, O king, art a king of kings: for the God of heaven hath given thee a kingdom, power, and strength, and glory. And whosoever the children of men dwell, the beasts of the field and the fowls of the heaven hath he given into thine hand, and hath made thee ruler over them all. Thou art this head of gold. And after thee shall arise another kingdom inferior to thee, and another third kingdom of brass, which shall bear rule over all the earth. And the fourth kingdom shall be strong as iron: forasmuch as iron breaketh in pieces and subdueth all things: and as iron that breaketh all these, shall it break in pieces and bruise. And whereas thou sawest the feet and toes, part of potters' clay, and part of iron, the kingdom shall be divided; but there shall be in it of the strength of iron, forasmuch as thou sawest the iron mixed with miry clay. And as the toes of the feet were part of iron, and part of clay, so the kingdom shall be partly strong and partly broken. And whereas thou sawest iron mixed with miry clay, they shall mingle themselves with the seed of men: but they shall not cleave one to another, even as iron is not mixed with clay. And in the days of these kings shall the God of heaven set up a kingdom, which shall never be destroyed: and the kingdom shall not be left to other people, but it shall break in pieces and consume all these kingdoms, and it shall stand forever. Forasmuch as thou sawest that the stone was cut out of the mountain without hands, and that it brake in pieces the iron, the brass, the clay, the silver, and the gold; the great God hath made known to the king what shall come to pass hereafter: and the dream is certain, and the interpretation thereof sure." (Daniel 2:37-45). In our next article we will examine the interpretation for identification marks of the promised kingdom, see you then.

News of the district

Norland Notebook

By Barbara Maunder 454-3233

Friday, January 13 proved to be an unlucky day for Clarence Jewell of Norland when his overheated wood stove caused a fire to erupt in his house about 7:30 a.m. Local firemen quickly answered the fire call and an extra 1200 gallon tanker truck was brought in from the Bexley Fire Department, Cobocok to assist. However the Jewell house was badly gutted and repair prices would probably exceed rebuilding costs. Firemen battled the blaze for nearly three hours before brining it under control. Special thanks from the firemen (many who had not had breakfast) to Mamie Duffy for hot coffee and Phyllis Le Craw for fruit cake served to them.

One one of our cold, blustery days last week, I received a breath of Spring with the arrival of my Spring Summer Simpson Sears catalogue at the local post office. One sometimes wonders how Simpson's can plan delivery of a catalogue of warm spring articles to arrive on one of our coldest days of winter. The same is true of Fall-Winter catalogue - it always seems to come on one of the hotter days of Summer - perhaps a psychological effect!

Official Board of the Cobocok Charge will meet on Thursday, January 26, at 8:00 p.m. in Knox United Church Hall, Cobocok.

A Thank-you is extended from Norland United Church to Anne Patullo, Dale Davey, Denise Gray, Jennifer Batty, Linda Janke, Margaret Quinn, Jayme Parlee, Mark Parlee, Dan Brohm and Jim Quinn who raised money by carol singing prior to Christmas and presented the proceeds to the church.

This is one of those days when people deserve a chuckle. Some of us have endured

the confusion of traffic accidents and tried to summarize on those pitifully inadequate insurance forms in a few words or less, exactly what happened. The following was published by Tilden, a Canadian car rental business, for internal distribution. These are actual summaries submitted when police asked for a brief statement on how a particular accident occurred.

* I collided with a stationary truck coming the other way.

* A truck backed through the windshield into my wife's face.

* A pedestrian hit me and went under my car.

* The guy was all over the road, I had to swerve a number of times before I hit him.

* The gentleman behind me struck me on the backside. He then went to rest in the bush with just his rear end showing.

* In my attempt to kill a fly, I drove into a telephone pole.

Ruth (Mrs. Brian) Le Craw had the right number of seconds for the Volunteer Firemen's Hockey Pool on Saturday, January 7, and was the lucky winner.

Because of poor driving conditions on Wednesday, January 11, Norland Bowling was cancelled so team standings are unchanged.

This is certainly the weather for snowmobilers to be out on their machines. I wonder how many are aware of some of these operating rules.

1. Except where prohibited, a snowmobiler may drive on public trails and parks and conservation areas.

2. If you are 16 years of age or older and hold a valid vehicle

Cobocok News

by Sheila Lake

Mrs. Maizie Kelly, accompanied by her sister, Mr. & Mrs. Frank Williams of Nogie's Creek, spent a holiday with Rev. & Mrs. Bruce Fisher at St. Johns, New Brunswick, and have now returned home again.

The Legion sleigh ride, scheduled for last Sunday, was cancelled due to the heavy rain, so the sleigh ride takes place tonight, and we trust weather is favourable. Seems the past week have been an old fashioned type one - beginning with rain Sunday, snow Monday then high winds early Tuesday and extreme cold. A good week to stay indoors and keep out of the way of snow ploughs etc. Despite the bad weather, most folks made it out to their Church or Lodge meetings. The old saying "Where there is a will, there is a way" is true.

Happiness is a new baby! Barbara and Bill Travis, way up there in the north at Thompson, Manitoba have a new baby girl, born Jan. 4th a sister for Angie. Another grandchild for the Ben Farrow's. While mentioning Farrow's, Mr. Roy Farrow is ill in the hospital. While he lives in Lindsay, Roy lived here in Cobocok for sometime a number of years ago, and most of the relatives live in the area. Our get well wishes to Roy.

Congratulations to Grandma Lake who celebrates her birthday today, January 14.

COBOCONK U.C.W.

On Monday, Jan. 9th, the Cobocok U.C.W. met at the home of Gladys Routley.

The meeting opened with Call to Worship and Prayer. After the singing of a hymn Grace Sisson read the scripture and gave a very interesting message on the new year ahead and the challenge is has for each one of us. Devotions closed with a hymn and prayer. Minutes were approved as read. Roll call was answered by 10 members and 17 sick visits made.

operator's licence, you may drive along a King's Highway or secondary road between the shoulder and the fence except where prohibited.

3. Minimum age at which an operator can be licensed is 12 years and at this age and 13 years of age, such persons can drive only on a public trail and at 14 and 15 years they can drive on a public trail and cross a highway at right angles.

4. Approved safety helmets must be worn by driver and passengers.

5. Snowmobilers may not drive along or on the serviced roadway (from shoulder to shoulder) of most King's Highways, except to cross and this must be done at 90 degree angles.

6. All motorized snow vehicles must be registered and the registration number must be clearly visible.

7. A snowmobile must be insured under a motor vehicle liability policy if it is to be operated on a highway or public trail and proof of insurance must be produced if requested by a law enforcement officer.

8. Impaired driving is an offence. Most offences that apply to a motor vehicle also apply to a snowmobile.

9. Any snowmobiler who trespasses on land while operating the vehicle is guilty of an offence and liable to a fine of \$500.00 on conviction.

10. No licence is required elsewhere than on public trails and highways.

Irene's back with lots of chatty news from Minden

As we enter into the last two weeks of January I wish to hope it won't be as cold, time marches on and the cold weather seems to keep pace with it. They said we would have a real cold winter and boy I believe it now.

Mr. and Mrs. Mervin Barry and family decided to see what it would be like to spend Christmas in a warmer climate so went to Florida for the holidays.

The Minden Library/Museum Committee met at the home of Mr. & Mrs. Stan Blears last week and finalized plans for a food booth at the Kinsmen Winter Carnival on Sat. Jan. 28th. The Booth will be open from 2-6 p.m.; and from 8-12 p.m. Sandwiches,

pickled eggs and dill pickles will be on sale, so buy your lunch there and help raise that \$1,800.00 higher. Donations of all sorts are coming in, but the faster we raise the monies needed the sooner that sign comes down and the new building goes up. We have done it twice before and we can do it again. All pledges will be welcomed and already a sign for the new building has been pledged, by an artistic person. Just remember that every bit will help, so don't think that you cannot help, for even labour will count to get the committee up to the amount they need. If in doubt contact any of us and we can tell you.

Mrs. Lillian Miller of Hyland Crest spent some time in

Peterborough over Christmas visiting with son Ray and family. Then spent New Years at son Floyd's, and had all her family with her.

They tell me that when Rotary start up the Bingo games again they will be on Tuesday evenings. That is too bad because all the organizations have tried to co-operate with Rotary by not having their meetings on Thursday evenings, and have put their meetings on at the first part of the week, now Rotary have taken the other night, when I said this to a member I was told we could all change our nights. The question I would like answered is WHY? I admire the Rotary Club and the work they do in the community, but when the other groups have tried not to infringe on Bingo night, and believe me a lot like to go to Bingo. Why should all have to change for one group? To my mind there is a lack of co-operation and communication somewhere, that is not good for any community.

Mr. Harry Cowan recently spent some time in Peterborough visiting with Ferne and Ray Miller.

By the way after I mentioned my cactus last week, I had several phone calls, and found out that the cactus plan does better if not put in the sun. They need light but not too much sun, and put them outside in the summer, but not in too much sun. Thanks for that tip on plants, I will

TRI COUNTY BANTAMS DROP HIGH SCORING CONTEST

The local Tri County Bantams were handed an 8-6 setback recently at the Dysart arena. Jumping into a two goal lead in the first period and scoring one more in the second, wasn't enough to ensure a win for the locals when the visiting Sunderland team scored 3 in the second and 5 in the third enroute to the win.

Haliburton goal scorers in the game were Anthony Vanlieshout with two, Paul Madden with two. Single markers went to Andrew Hodgson and Norm Barry.

mention any hints you give me, they will help everyone.

The winners at the Mini Card Party last week were: Bridge: Florence Cooper; Euchre: lone hand - Pearl Cowan; Charlotte O'Neil; Alice Todd; - Cribbage: Bill Bennett; Fred Wright.

Mrs. Vellville Curtis of Peterborough enjoyed a visit with Mr. Harry Cowan and other friends in Minden and enjoyed the New Year Dance at Gelert Gardens.

Don't forget to et a ticket on the lovely electric frypan to be drawn on January 28th. This lovely article is being raffled by the Library/Museum Committee.

Rev. Jerry Brodie of St. Andrews Church Alliston, was present at the Induction Service at St. Paul's Church last Sunday evening, and stayed with the Stan Blears over night. The 3 churches in the Parish combined for this service and nearly 200 people

were present for the Induction of Rev. David Barker.

Winter Carnival Queen is being picked Friday evening, January 27 for the Kinsmen Carnival so come on Girls get in the Act.

Mrs. Anne Dawson has returned home after spending a month in Ottawa with the Jim Dawsons.

I am not putting in a recipe this week, instead I wish to pay tribute to a person whom I have known for nearly 4 years, and who as well as being a relative was to me the younger brother, I never had to me this bit of prose reflect the type of person Basi Hewitt was.

Men are of two kinds, and he was of the kind I like to know. Some preach their virtues and a few express their lives by what they do that sort was he. Out in the open light he fought and didn't care what others thought, nor what they said about his fight, if he believed

that he was right. The only deeds he ever hid were acts of kindness that he did. Men are of two kinds, and he was the kind I like to know. No door to which he ever came to was locked. No broken pledge lost

him respect, he met all men with head erect, and when he passed, I think there went a soul so splendid and so fine, it was almost to God's design.

Adios, and take care now.

ONTARIO GOVERNMENT NOTICE

TRUCKERS IMPORTANT

New axle and gross weight legislation for commercial motor vehicles came into effect January 1, 1978 and will affect your trucking operation.

A Public meeting will be held at 7:00 p.m. on

THURSDAY, JANUARY 26th, 1978

at
Royal Canadian Legion, Branch 232, 36 West St. South, Huntsville, Ontario.

Ministry personnel will be on hand to discuss this new legislation.

Along the Trails

BY ROY BATES

SNOWARAMA
We were privileged to attend the press conference for Snowarama staged last week at PineStone. From the number of newspaper people there I would suppose that my reporting on it here would be superfluous. It should be well covered elsewhere in this paper. I would, however, like to compliment the people who organized the meeting and to express my hope that Snowarama '78 will be a most successful event.

I am looking forward to the ride this year with somewhat greater enthusiasm than last, for I can be relatively sure there will be no postponements - certainly not because of slush. Those snowmobilers who were timid about riding lakes will be pleased that the route chosen is essentially dry land. The entire circuit is laid out on regularly groomed trails maintained by the Haliburton County Snowmobile Association. From now to February 5, these trails will be given the Association's utmost attention.

ON GROOMING PROGRESS
It is difficult in a column such as this to accurately describe the condition of trails for the coming weekend. These words are written Sunday (usually) and published Wednesday. Great changes can take place before Saturday. About all we can do is report on conditions as we see them now and forecast the Bombs' movements for the coming week.

Last week we described in some detail the new trail to Gooderham. It has since been groomed to the extent that portions of the route are super riding. The newly cut rough terrain sections were still quite bumpy on Saturday but the next pass of the groomer should make a tremendous difference.

The Minden based Bombi came through the Gelert Trail to Donald but it was necessary to drop the drag part way because of deep snow and still wet marshes. The trail will take shape nicely with the next trip and should be good riding for the weekend.

The Peterson Trail (#1 on your new maps) were groomed to within four miles of Benoit Lake and that final section packed with the Haliburton Bombi. This week the entire trail from Woodlands Ranch eastward will be worked again. Feeder trails to the Peterson and a Hydro line route from Highway 121 to 530 will also get some attention.

IN MEMORIAM

BACON In loving memory of our dear Laurie who was accidentally killed on January 20, 1974.

Beautiful memories, tenderly kept,
Of one we loved and will never forget.
Deep in our hearts she will always remain,
Until God in his time unites us again.

Ever remembered, ever loved by
Mom, Russell, Martin, Colleen, Hartley, Brian and Elaine

HEWITT In loving memory of a dear son and brother, Sterling, taken from us accidentally 4 years ago, January 19th, 1974.

When family ties are broken and loved ones have to part,
It leaves a wound that never heals and many a broken heart,
But the saddest part of all we never said goodbye,
God knows how much we miss him and the sleepless nights we share
So please God keep him in thy care.
Until we meet him there.

Never forget your loving memories.
Mom, Brother, Sisters & Families

IRISH In loving memory of a dear dad, Charles Edward Irish who passed away on January 21, 1972.

So many things have happened Since you were called away. So many things to share with you Had you been left to stay. Everyday in some small way Memories of you come our way. Though absent, you are ever near.

Deeply loved and sadly missed by
daughter Joyce and son-in-law Al

IRISH In loving memory of a dear husband, Charles Edward Irish who passed away on January 21, 1972.

It is sad to walk the road alone, Instead of side by side, But to all there comes a moment, When the ways of life divide You gave me years of happiness, Then came sorrow and tears, But you left me beautiful memories I will treasure through the years.

Lovingly remembered by
wife Greta

IRISH In loving memory of our dear granddad Charles Edward Irish who passed away on January 21, 1972.

Times goes on with many changes, Joy and sorrows, smiles and tears, But your memory never leaves, With the passing of the years.

DEATH NOTICE

AT REST
at the Sunnybrook Medical Centre in Toronto on Friday, January 13, 1978

Percy Frederick Wellstood
In his 68th year

Beloved son of the late Eva and Charles Wellstood; dear brother of Mary (Mrs. Hugh Phillips) of Kinmount and predeceased by Clara Verna (Mrs. Ross Phillips) of Kinmount, Marjorie (Mrs. George Nettie) of California and Jack of Hamilton.

FUNERAL SERVICE
Rest at the Funeral Chapel of John Welch & Son Ltd., Minden, after 2:00 p.m. Sunday, for complete funeral service in the Chapel on Monday, January 16, at 2:00 p.m. Spring interment at Kinmount Cemetery.

Legion service in the Chapel on Sunday at 7:30 p.m.

AT REST
Suddenly at his residence in Haliburton on Wed. January 11, 1978

Everett Edward Cameron
In his 67th year

Loving son of the late Gordon and Frances Cameron; dear brother of Adeline (Mrs. N. Roberts) of London and predeceased by Alan; and dear uncle of Gary and Frances Roberts.

FUNERAL SERVICE
Rest at the Funeral Chapel of John Welch & Son Ltd., Minden, after 2:00 p.m. Friday, for funeral service in the Chapel on Saturday, January 14, at 11:00 a.m. Temporary interment at the Evergreen Cemetery Vault, Haliburton.

AT REST
Suddenly on Friday, January 13, 1978

Basil Cecil Hewitt
In his 56th year

Beloved husband of Mabel Sawyer; dear father of Tanya (Mrs. Paul Yearwood) of Sudbury, Colleen (Mrs. Robert Bonspiel) of Mississauga, Kim of Oshawa and Kirk of Sudbury; loving grandfather of Gregory and Heather, dear brother of Clara (Mrs. C. Francis) and predeceased by Grant.

FUNERAL SERVICE
Rest at the Funeral Chapel of John Welch & Son Ltd., Minden, after 2:00 p.m. Sunday, for funeral service in the Chapel on Tuesday, January 17, at 2:00 p.m. Spring interment at Maple Lake United Church Cemetery.

Masonic service in the Chapel on Monday at 8:00 p.m.

Thank-You
We would like to express our appreciation to Dr. Hayes, the staff of the Red Cross Hospital in Haliburton and the Haliburton Ambulance Service, re. Gary McKnight and Ibbly Lilly. **Shirley Jean and Dennis Baker**

We would like to extend our deepest gratitude to all who helped us after we lost our home by fire in December. Thank you all.

Carlos and Brenda Acero & family

The family of the late Jack Vickery would like to express their sincere thanks for floral tributes, cards and letters of sympathy from relatives and friends. Special thanks to the Royal Canadian Legion, Dr. Good and Rev. Denny. Your kindness was deeply appreciated.

The Vickery Family

Dear Friends:
Your many expressions of kindness and love, following the death of our beloved father, and grandfather, at Christmas time, have been deeply appreciated. All of these cards, gifts, flowers and words of comfort have helped in the healing of our sorrow.

We would also like to witness to the strength and comfort, which God through His Holy Spirit, has given us. May God richly bless each one of you.

June & Doug Devollin & Boys

I would like to thank my relatives, neighbours and friends for the flowers, plants, cards, phone calls and prayers while I was in the hospital. Also a special thanks to Kay and Ev. for the Christmas goodies.

Sincerely Ruth Saunders

from page 19

ier can do anything legally wrong. They are the heavies in politics. They are supreme and know it, and Levesque knows it and intimidated as such after his election saying that he knew some tricks that would win the referendum. There is no doubt in our minds something nasty has been going on between Sun Life and Quebecois ever since and he has a good chance with the help of some Ontario Liberals of succeeding.

Wednesday were 3 movies, 1 It would seem that the intent of this movie was to give meaning to the word ecology, as it shows the effect on wild life when heavy machinery disrupts the landscape and the habits of creatures of the wilderness. 2. This showed the practicality of the marine culture of shrimp, turtles and fish, it followed the guided and protected life cycle of these three creatures in turn, showing that with a little help, their production could be made to expand enormously and thus make possible at relatively little expense high protein food that the world now lacks. 3. This was a cute movie about 2 pet goslings and a pet cygnet. These 3 coddled by their owners up to adulthood when they were released to the wild. Seemingly they learned to fly by following an outboard, and it was very interesting to watch their development, when the gos-

lings became geese, and the cygnet a beautiful swan.

Our devotional period Friday morning was well attended, with Rev. Don Nicholson our spiritual leader. Our singing was to the accompaniment of pianist Mrs. Flossie Burk. The theme was taken from the Lord's prayer "Thy will be done", a very thought provoking text. After the service, tea was served in the activity room poured by Mrs. Burk and Mrs. Florence Stag. Quite a number partook of this over teacups get together with the Minister and we had a nice enjoyable chat.

We are happy to report that Mrs. Mary Currah is recovering nicely from the nasty and serious illness.

Peace in the middle East is quite a mystery. Somewhere in the 60's Egypt and other arabs decided to annihilate Israel but instead lost much territory. This has been repeated since always with a loss of territory. Their present attitude is that there can be no peace until all her lost territory is returned. Meanwhile Israel has been administering the lost regions better than it has been in the past. The Arabs have been using the oil embargo against Israel as well as very nasty trade sanctions that extend even to Ontario. These dirty tactics were taken to Israel by Sadat on his "peace mission." The Arabs are determined that Israel shall give back all the territory that she took over during a defensive war in which many Israeli casualties occurred. Even the United Nations are opposing Israel. In the present peace negotiations the Arabs are giving nothing, only Israel is expected to give, and keep giving.

On Saturday, John Young left us to reside elsewhere. He was a nice young lad always polite and accommodating. Naturally he will be missed.

Another man was added to our numbers the same day, Mr. Leonard Milburn of Gooderham. We will undertake to give him a hearty welcome.

It would appear that the shed we are having built to store our various equipment is now complete. Except for a big mound of snow in front of the doorway things could be moved in. Sometime next week this should also be finished. It will be nice to have the items of lawn furniture that will grace our landscape in the summer stowed away safely out of the weather.

BAN ON VISITORS LIFTED

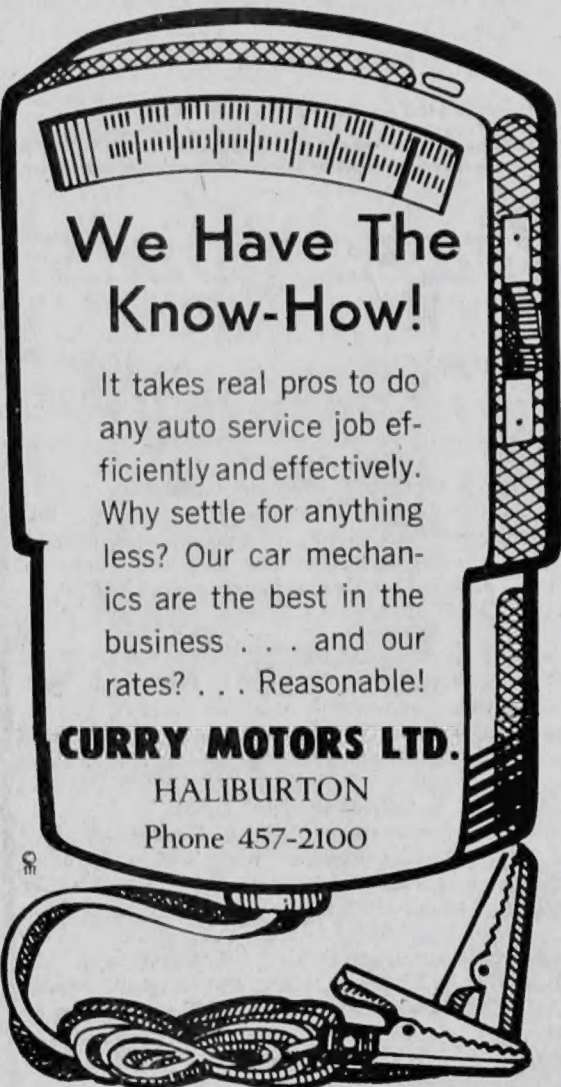

The ban on regular hospital visiting at Ross Memorial Hospital in Lindsay has been lifted, according to the administrator and the chief of medical staff.

It appears that the prevalence of influenza, they said, has now declined to a point where regular visiting of hospital patients may be reinstated.
